THE STADIUM®

The Stadium offers a complete obstacle course experience in a compact design. It features 10 unique challenges and an optional integrated shade.

BENEFITS

- 10 unique challenges in 1,200 sq ft
- Beginner, intermediate, and advanced + accessible elements
- Multiple ways to complete each component and varied paths of travel through the entire system

DESIGN

- Playful fitness-based challenges combined with the adventure of an obstacle course
- Combination of layered materials and colors create visual interest and attract attention
- 5" diameter steel uprights, Direct Bolt® connections, stainless steel shackles, and reinforced steel footings

THE BIGGEST ADVANCEMENT IN OBSTACLE COURSES JUST GOT SMALLER

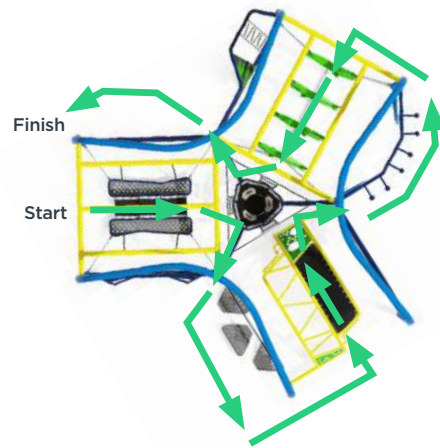

We took everything we learned inventing the permanently installed obstacle course and condensed it into a compact fitness experience for children ages 5 to 12. The Stadium features 10 exciting challenges in less than 1,200 square feet. With optional integrated shade and human-powered electronic timing system, it's the perfect way to keep kids active at a park or school play area.

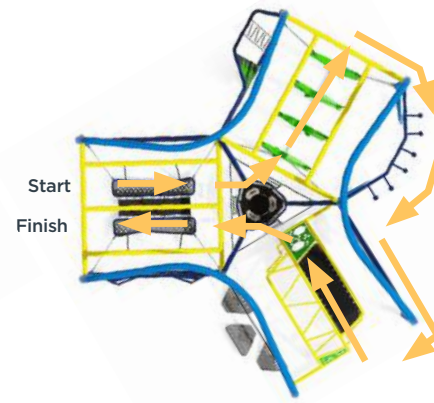

CHART YOUR OWN COURSE

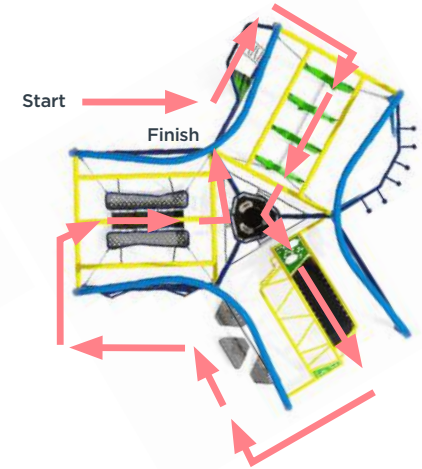

Start anywhere you like with The Stadium. Chart a different path through the 10 obstacles each time.

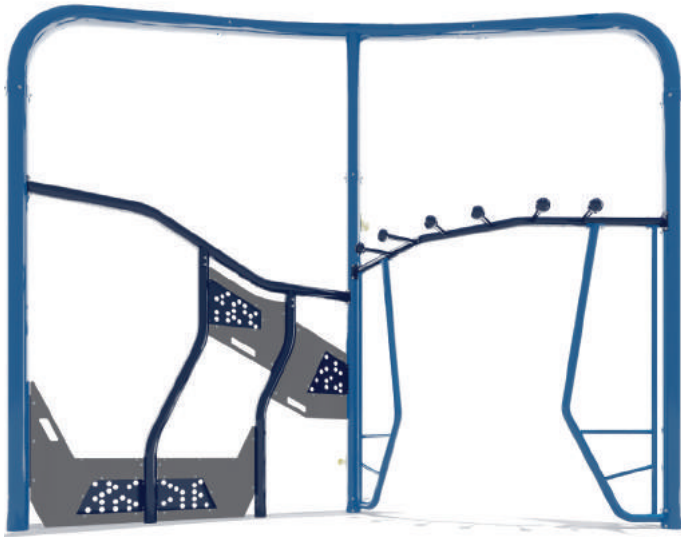

Example Route 1

Example Route 2

Example Route 3

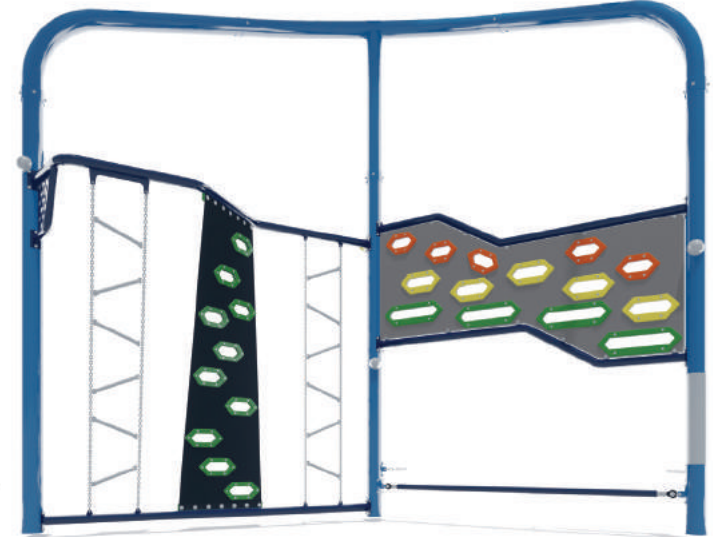

Over, Under, & Around

Over, Under, & Around promotes balance and flexibility development. HDPE climbing surfaces with perforated metal accents create paths of travel for the user to navigate over, under, through, and around.

Floating Boards

With three distinct routes of travel, over, through, or along the side, Floating Boards enhance balance, flexibility, and whole-body muscle fitness.

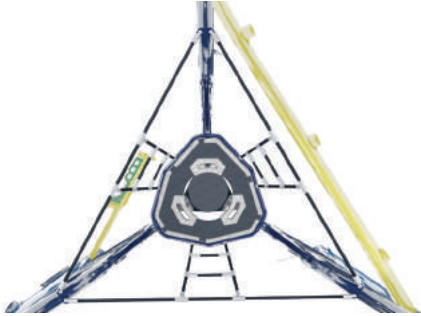

Twisted Ladders

This vertical and lateral climbing wall provides many different grip variations and climbing angles and features a center rubber membrane with climbing grips.

Ledge Climber

This lateral climber is an upper-body fitness trainer with multiple paths of travel at various skill levels. Beginning users can use the tethered balance cable for assistance.

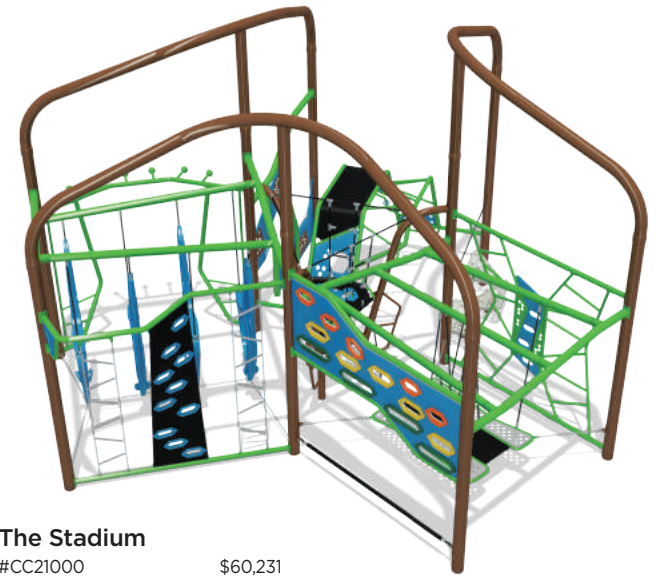

Center Hub (Top View)

A central multi-occupant climber with different types of climbing activities, including vertical and lateral climbing. It also serves as a social gathering spot. The center hub is used to attach stadium rooms and walls.

FUN, HEALTHY ACTIVITY FOR CHILDREN

We took everything we learned from Challenge Course obstacle courses and created a compact design that addresses the physical, cognitive, and social needs of children ages 5 to 12. Help children achieve better health and wellness with The Stadium!

The Stadium

#CC21000 \$60,231
ASTM Use Zone: 33' x 35' (10.1m x 10.7m)
Recommended Ages: 5 to 12
ASTM Fall Height: 8' (2.4m)

The Stadium with Shade

#CC21001 \$74,466

Sway Station

Cross the tethered balance beams as they move back and forth and side to side. The beams are linked with a rubber membrane positioned at transfer height and accessible via transfer.

Leaning Ladders

The combination of angled and leaning ladders, an HDPE climbing wall, and elevated grip rails provide multiple routes and paths of travel.

Agilty Pods

Enhance balance, coordination, agility, and problem-solving with these sturdy platforms. They feature a soft-textured rubber surface that's perfect for stepping or jumping.

Mountain Climber

The Mountain Climber combines metal rungs, HDPE inserts, and a taut rubber membrane for a multi-faceted climbing challenge. It also features a ground-level ring-trace activity for inclusive play.

“Children and families really love it, and studies show healthy and active students are more alert in the classroom, which supports the importance of providing children with resources like the challenge courses.”

RILEY FIELDS, DIRECTOR OF COMMUNITY RELATIONS, CAROLINA PANTHERS

“Outdoor Adult Fitness Parks can play a vital role in motivating people of all ages and levels of fitness toward achieving a healthier, more active, and more productive life.”

DR. MICHAEL SUK, CHAIRMAN OF ORTHOPAEDIC SURGERY - GEISINGER HEALTH SYSTEM DANVILLE, PA

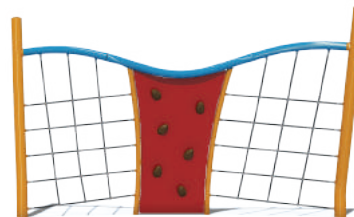

“The GameTime Challenge Course has provided our school with challenging, fun, accessible, low maintenance safe physical activity options outside of normal Physical Education.”

CHRISTIAN WARREN, LEAD PHYSICAL EDUCATION TEACHER - CHARLOTTE/MECKLENBURG SCHOOL SYSTEM

YOUTH

AGES 5-12

Challenge Course Youth is perfect for schools or other youth organizations. We've scaled the size of the obstacles to be developmentally appropriate for children ages 5-12. Choose the model that fits your available space, and create opportunities for children to start their journey toward a healthier lifestyle.

PRO

AGES 13+

Challenge Course Pro configurations are designed for users ages 13+ and include obstacles and activities that promote a well-rounded fitness routine. Choose the model that fits your available space, and then select options like timing systems or a 40-yard dash, to create the perfect fitness destination for your community to accept the challenge!

CHALLENGE COURSE

The original outdoor obstacle course is still the best and keeps getting better! Choose from more than a dozen obstacles to design the perfect course for your space or budget.

MEET. COMPETE. REPEAT.

Meet

Challenge Course is a social fitness experience that people of all ages can enjoy. It's an innovative option for fitness enthusiasts, as well as families who want to be more active together.

Compete

Challenge your friends and family in a timed obstacle course or 40-yard dash, or challenge yourself to achieve your personal fitness goals.

Repeat

Challenge Course leverages the benefits of outdoor exercise in a fun, exciting way that encourages people to come back time and time again.

BARWELL ROAD PARK RALEIGH, NORTH CAROLINA

The Challenge Course at Barwell Road Park was made possible by the generosity of the Carolina Panthers®. The Panthers are committed to the health and wellness of families across the state and worked with GameTime to create a fun and challenging outdoor obstacle course with custom challenges, branded surfacing, and a two-lane 40-yard dash. The entire course features professional-grade timing systems for serious(ly) fun competition!

As a National Demonstration Site, this Challenge Course provides usage data and outcomes reports for the community.

“The THRIVE 450 is a large outdoor fitness apparatus that allows for students to work out functionally. Whether you are a novice exerciser or athlete, there is something for everyone on the THRIVE.”

KYRA DICKIE, ASSISTANT DIRECTOR OF FITNESS - UNIVERSITY OF CENTRAL FLORIDA

“Outdoor Adult Fitness Parks can play a vital role in motivating people of all ages and levels of fitness toward achieving a healthier, more active, and more productive life.”

YANCY CULP, ELITE OCR TRAINER AND FOUNDER OF YANCY CAMP

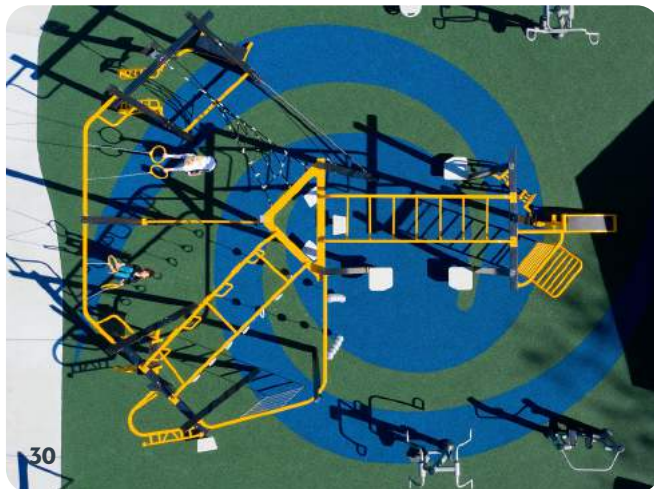

“The GameTime Fitness Equipment is Top Notch. It is used every day by a diverse group of students, faculty and community members. We are looking to add more outdoor fitness equipment because of the popularity of the first installation.”

TODD HAMMONDS, ASSOC. DIRECTOR OF ATHLETICS AND RECREATION FACILITIES - UNIVERSITY OF CALIFORNIA SANTA CRUZ

THRIVE INSTRUCTIONAL SIGNAGE

Each THRIVE system includes a label with a QR code users can scan to view instructional videos. You can also select a THRIVE instructional sign to install near your system to help users maximize their THRIVE experience.

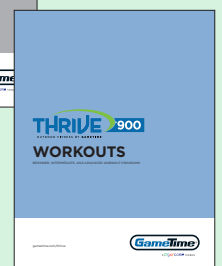

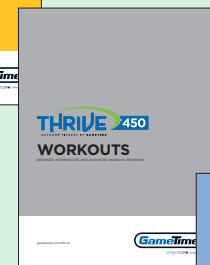

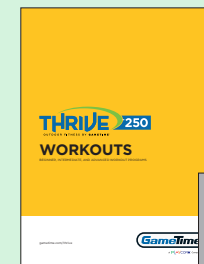

THRIVE®

Fitness is a great equalizer between diverse people. Create connections through shared interest and THRIVE's high quality functional fitness opportunities.

YOU WERE MEANT TO THRIVE!

Trainer-designed workout programs are available for beginner, intermediate and advanced users for each of our THRIVE systems. View and download at gametime.com/thrive.

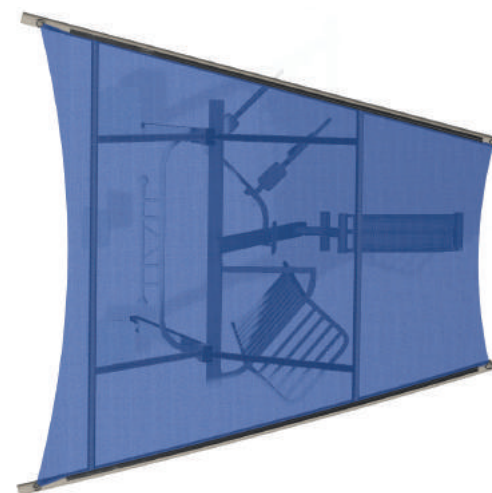

THRIVE® SHADE

THRIVE Shade is the industry's first integrated shade for outdoor fitness. THRIVE integrated shade option helps keep the fitness area cooler and more comfortable so people exercise for longer periods of time. Order a single shade for THRIVE 250, up to two shades for THRIVE 450 or up to three shades for THRIVE 900. Each shade sold separately.

THRIVE Shade blocks 97% of the sun's UV rays, has a wind load rating of 105mph, and features GameTime's patented quick release technology.

VIRGINIA TECH UNIVERSITY BLACKSBURG, VIRGINIA

As part of an all-new and comprehensive outdoor recreation space at Virginia Tech University, THRIVE 900 provides students and faculty with a wide range of fitness and training opportunities in a compact space. With 20 fitness stations, there's plenty of room for multiple users at once, and each of the stations offer variable options for all fitness levels. Improve campus or community quality of life with THRIVE!

BEATTIE PARK

LOMPOC, CALIFORNIA

Adding an adult fitness area near a playground gives parents and adults a chance to exercise while children are at play. With THRIVE, you can pack up to 20 exercise stations in as little as 250 square feet.

BUDGET-FRIENDLY SURFACING OPTIONAL PACKAGES

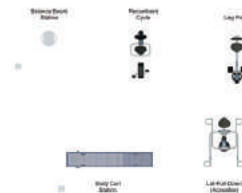

In some instances, safety surfacing is not required for outdoor fitness equipment. Ask your GameTime representative about equipment packages that do not require users' feet to leave the ground. With such a configuration, ASTM standards regarding safety surfacing do not apply.

By working with your GameTime representative, you can design an outdoor fitness park that meets your needs and budget.
