

A **PLAY**CORE Company

VistaRope® Design Guide

VistaRope is GameTime's series of rope-based play activities. Our freestanding net climbers and play system components give children an exciting way to stay active and explore a playground. With our custom design capabilities we can create a virtually unlimited array of configurations to fit your space and budget.

WeaveTech® cabling system is up to 4x stronger than other playground ropes.

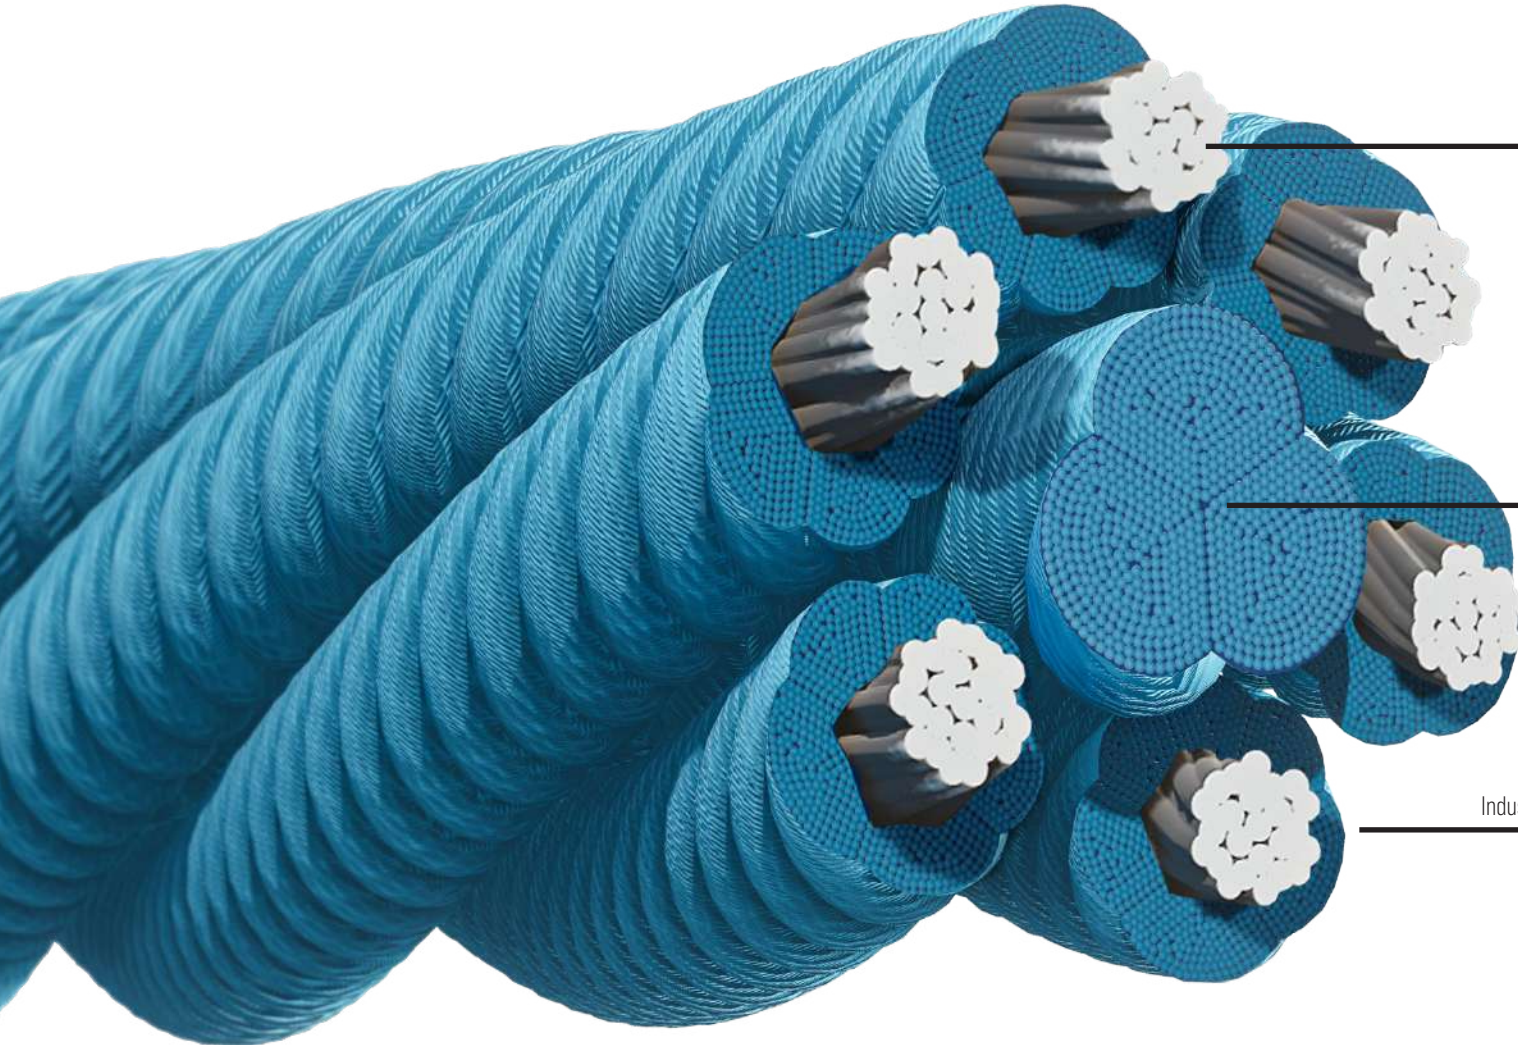

20mm diameter rope coated with ComfortGrip® synthetic polymer

Each SteelForce® contains the industry's highest steel content

Vibrant color options with an excellent colorfast rating

Galvanized steel strands wrapped in our ComfortGrip® synthetic polymer

Tough and flexible polyamide core

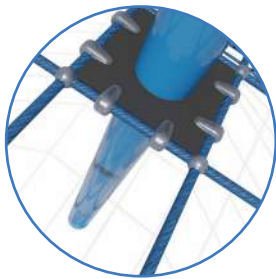

Industry-leading 20mm diameter WeaveTech™ Rope

Strength and Durability

VistaRope uses our WeaveTech® construction to create a strong, durable, and low-maintenance cabling system for play and recreation products. We manufacture VistaRope products to precise specifications for long-lasting performance.

Each WeaveTech cable contains six SteelForce® ropes with the industry's highest steel content for maximum strength. The ropes are encased in our ComfortGrip® synthetic polymer that is soft to the touch and tougher than nylon.

No other manufacturer has a more robust cabling system. And we back up our products with an unsurpassed warranty to give you peace of mind for years to come.

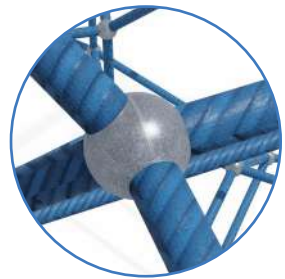

Durable rubber material on steel support post

Vandal-resistant cast aluminum pipe junctions

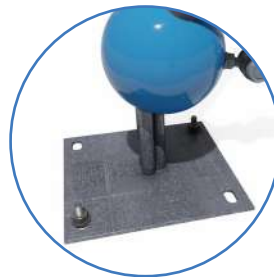

Industry-leading 20 mm ropes

Maximum strength ball-knot connectors

Stainless steel shackle connections

Heavy-duty steel footings

Stainless steel anchor and expansion bolt hardware

Save space by connecting
VistaRope climbers directly to
a PowerScape play system.

VistaStar 2 (Hybrid)

A photograph of a modern playground structure. The structure features a brown metal frame with orange safety railings and green plastic slides. One slide is a large, enclosed tube slide, while the other is a smaller, open slide. The playground is set on a bed of light-colored wood chips. In the background, there are green trees, a paved path, and a grassy area under a clear sky.

VistaConnect

VistaConnect reduces the overall footprint of your play area and lowers your installation cost.

Design Your Custom Rope Playground

VistaRope makes it fun and easy to design a play environment everyone will enjoy. Choose from our preconfigured dome or multi-sided climbers, net towers that stretch more than three stories tall, or the industry's first inclusive climber with a transfer platform and accessible route of exploration.

Combine VistaRope activities with one another or with a GameTime play system to create a dynamic and challenging play experience.

If you're looking for something unique to your community, our Landmark Design Group brings your imagination to life. From concept to reality, our designers, engineers, and installers work with you every step of the way to create the perfect VistaRope design for your space and budget.
