Custom Finish
Eco-Steel Chimney

Make a huge statement in your home, with only a fireplace. Introducing the **Magnum±**.

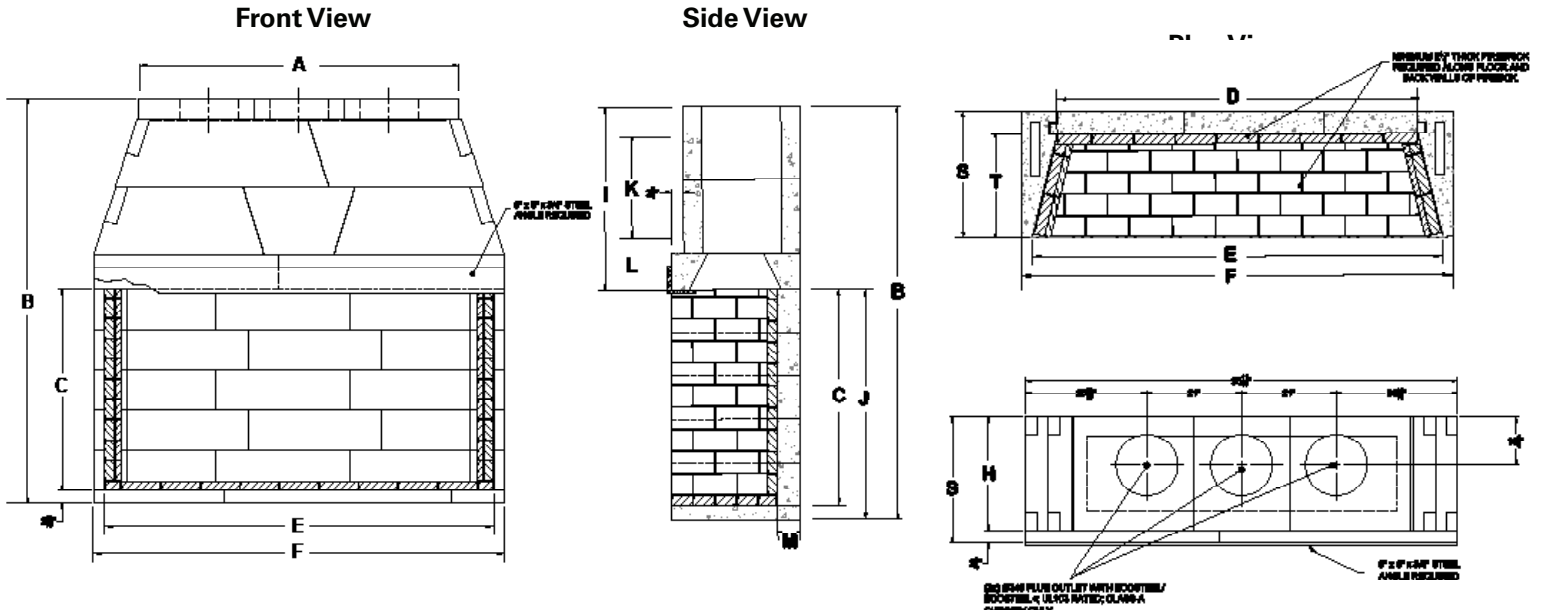

When you're designing a space that's larger than life, you need a fireplace to match it! NEW from Isokern is our ground-breaking Magnum± Fireplace. Boasting widths up to 10 feet and finished opening heights of 44", this stately fireplace is the largest UL listed fireplace on the market. Earthcore is always looking to expand the boundaries of fire, and with the Magnum± fire has no boundaries.

Specifications - 84, 96, 108, 120

Please Note: It is required that the firebox/smoke dome assembly include the placement of a 6" x 6" x 3/4" minimum steel angle across the firebox opening. This item can be sourced locally. Eco-Steel or Eco-Steel+ is the required flue system for this fireplace. The 84 Magnum+ requires 3 flue outlets. Models 96-120 require 4 flue outlets*.
