URBAN RACKS

INNOVATIVE | BICYCLE PARKING

Security

- Large steel bar locks frame and wheel
- Cut-safety wire inside steel bar
- Built-in sensor that notifies the local security

User Accessibility

- Using Mobile App or RFID/NFC card, can be integrated into 3rd party local access systems (transit card or local building access card).

Installation

- Installation requires a level concrete floor for anchoring.
- Lockers must be installed against a pre-existing wall or partition.

Sustainability

- E-Bike charging capability and solar option.

Warranty

- Installation warranty
- Full replacement

Finish & Customization

- Powder coated (standard & custom colors available)
