Natural + Handmade in the USA

Design.urb planters are designed and manufactured in the US using only the highest quality commercial grade concrete.

 **CAMPANIA**
INTERNATIONAL

Since 1983 Campania has been the premier designer, manufacturer and distributor of fine garden accents throughout the United States and Canada. Committed to excellence in design, quality and customer service, Campania continues to set trends and industry standards.

Magnify the Natural Beauty of Concrete

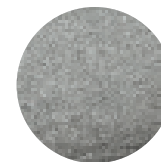

Design.urb planters are available in a choice of thirteen (13) exclusive natural pigment stains in addition to natural concrete. All of our patinas are hand-applied in a multi-step process which produces unique and beautiful surface finishes intended to replicate naturally aged materials. Like stains for wood, each piece will accept our patinas in varying degrees of intensity, creating surface variations with distinctive character. Even when applied with the same process, this artisanal technique gives each piece a unique beauty and permits natural aging to occur seamlessly in an outdoor environment.

5 Reasons why our **design.urb** planters are the best choice for your next project

1- Style

Choose from 3 distinct styles: Series 1 (tapered), Series 2 (low) or Series 3 (tall). The simple clean lines of the **design.urb** collection provide design flexibility and a versatile palette for a wide range of projects and applications.

2- Quality

Designed for commercial landscape installations, each piece is manufactured by hand in the USA of durable high quality cast stone.

3- Sustainable

The **design.urb** planters are made from natural, locally sourced materials that are 100% recyclable.

4- Durable

At 7,500 psi, these planters are appropriate for high traffic public spaces and pedestrian safety applications.

5- Customizable

Our **design.urb** collection offers 3 styles, 15 sizes and 14 colors providing multiple design options. ***In addition, we have the ability to create custom sizes and colors in our factory in Pennsburg, Pennsylvania. Contact us for more information.***
