*It is the manufacturers' opinion that the above fitness areas conform to the A.D.A accessibility standard assuming an accessible protective surfacing is provided, as indicated, or within the entire use zone.

ULTIMATE FITNESS PACKAGE

The Ultimate Fitness Package offers ample equipment and space for a complete workout experience. It is designed to accommodate up to 17 individuals at once and boasts nine versatile pieces of equipment catering to full-body workouts, including strength, cardio, stretching, and HIIT exercises. This outdoor gym guarantees an indoor gym-quality workout while enjoying nature. It won't compromise safety or inclusivity, as the equipment and layout adhere to the ASTM safety standard for outdoor fitness equipment.

PRO FITNESS PACKAGE

The Pro Fitness Package includes equipment that offers strength, cardio, and flexibility, the three pillars of a complete workout. With this package, feel confident knowing users can access resistance and bodyweight fitness equipment that they will see real exercise results from while also complying with the ASTM F3101-21a safety standard for outdoor fitness equipment.

PREMIUM FITNESS PACKAGE

The Premium Fitness Package is an outdoor gym that provides biomechanically correct cardio, strength, and flexibility exercises in a low-maintenance, ASTM F3101-21-compliant package. Bring indoor commercial fitness equipment to the great outdoors with the Premium Fitness Package.

STARTER FITNESS PACKAGE

The Starter Fitness Package is the lowest maintenance, lowest cost, and smallest square footage option. Both products have no moving parts but offer dozens of different stretches and bodyweight exercises that target the entire body. This package complies with ASTM F3101-21a. Let the Starter Fitness Package be your start to real outdoor fitness.
