

TAMPERPROOF & WEATHERPROOF PRISON FITNESS EQUIPMENT.

Fitness equipment designed for corrections and proven in the toughest environments.

Since the early 2000s, Outdoor-Fit has been a trusted leader in correctional-grade fitness equipment, supplying over 600 facilities with durable, safe, and reliable solutions.

Our approach to inmate fitness is unique. We design equipment with no removable parts, built to endure for years in any correctional setting—indoors or outdoors—while minimizing the footprint to maximize available space. With a 15-year warranty and a diverse range of multigyms and purpose-built single exercise stations, our equipment stands apart. Built differently, built to last.

BUILT TO LAST
