

FEATURE SHOWCASE

ADDISON RESERVE COUNTRY CLUB

Delray Beach, FL

PROJECT GOALS

Create an outdoor gym that is an extension of the indoor fitness center.

Customize the equipment with the club's logo and colors for a consistent aesthetic.

Offer members year-round access to outdoor exercise equipment that provides real exercise results.

OUTDOOR-FIT x ADDISON RESERVE COUNTRY CLUB

Amid the Covid-19 pandemic, Addison Reserve collaborated with Outdoor-Fit to design an outdoor gym aligning with their health and wellness values.

The Apollo Multigym and Helios Multigym offer diverse bodyweight and resistance exercises for all fitness levels and ages. The two Everest Cardio Climbers provide an essential cardio component to round out any workout.

Our members have been using the equipment quite regularly. We have several runners in our community that are stopping in the park and adding some circuit training on the equipment. Overall we are very pleased with the addition."
