

MOBILE **VERSA** WALL[®]

gsky[™]

Creating Healthier and Flexible Spaces

Bringing Green Walls to the Floor

MOBILE **VERSA** WALL®

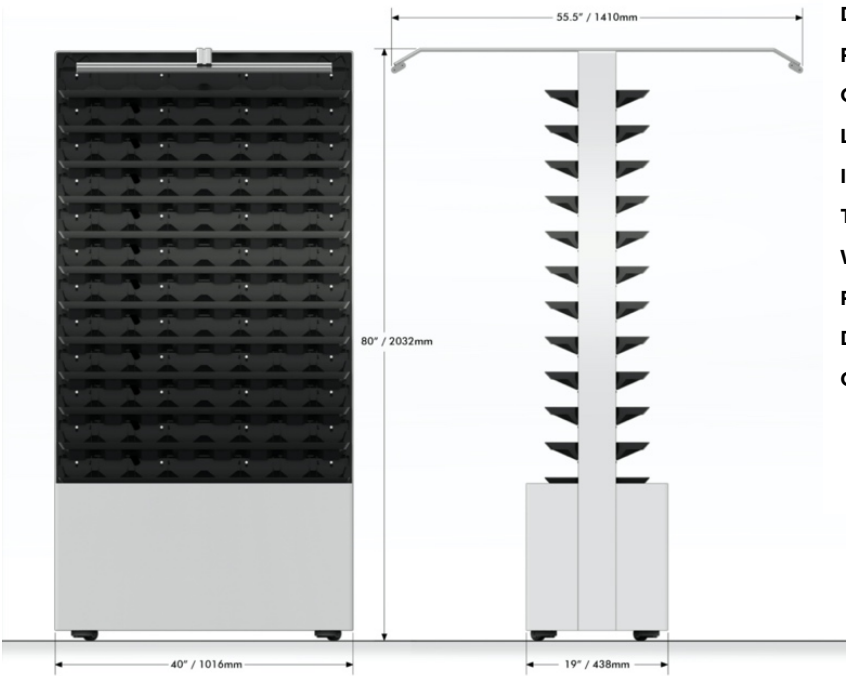

The MOBILE **VERSA** WALL® is designed and made in the USA. It provides privacy and social distancing barriers while optimizing floor space with the added health, wellness, and design benefits of live plants.

It is available with plants on both sides or with plants on one side and a dry erase board on the other.

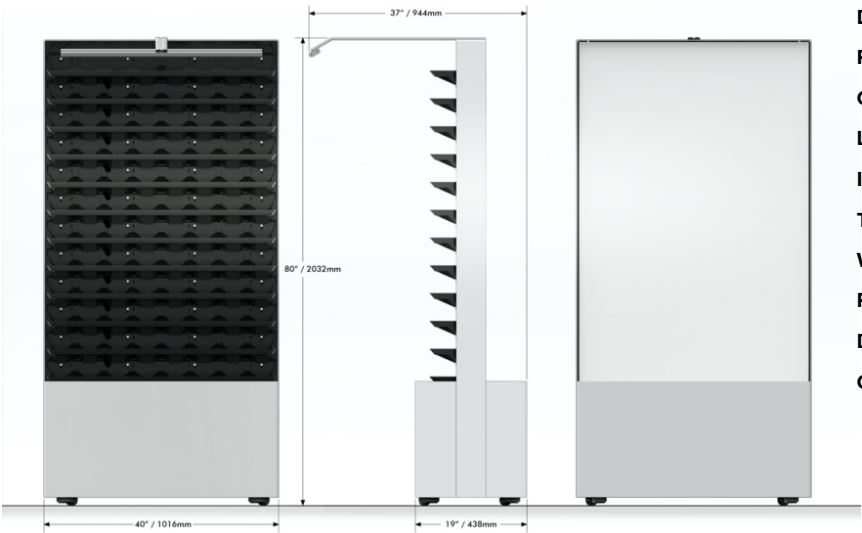

The MOBILE **VERSA** WALL® is ideal for open areas in offices, restaurants, hotels, conference spaces, or anywhere spacial adjustment is required.

The MOBILE **VERSA WALL**® double-sided live partition brings nature, health, and well-being to any space you can imagine.
