

Kaleidoscope Collection

FULLY CUSTOMIZABLE

MAKE RECYCLING COLORFUL

Remember the awe you felt looking through a Kaleidoscope when you were young? You knew would never see the same pattern or colors twice and each look guaranteed an optical thrill. This uniqueness is behind the inspiration for Ex-Cell's Kaleidoscope Collection.

Since 2009, the original Kaleidoscope Collection has been one of our best-selling collections. Popular not only because of the quality that Ex-Cell Kaiser has become known for over the past 85 years, but also because this extremely affordable collection is bright, bold and customizable.

With its vibrant primary colors and crisp, clear graphics, no two customers see the Kaleidoscope Collection the same way. Why? Because every customer "designs" their own recycling station to meet the exact needs of their facility.

These modular units are available in 5 basic shapes and capacities. With 101 stock options and hundreds of customization combinations, your Kaleidoscope will be uniquely suited to your facility and, if that's not enough customization for you, take it to the next level with custom colors and/or a logo.

Experience why thousands of facilities across the country rely on the original Kaleidoscope to meet their recycling and trash needs – design your custom station today!
