ACUCRAFT

Fire Reimagined.

Fire Reimagined.

For more than 40-years, Acucraft has been designing, developing, and perfecting the fireplace experience. Our fireplaces are handcrafted and custom built by a team of engineers and craftsmen who are committed to quality and performance. At Acucraft, we create the most unique, distinctive, and highest quality custom gas and wood burning fireplaces in the world.

We are the fireplace experts.

When it comes to delivering the absolute best fireplace experience, there are no shortcuts. Our commitment to quality and performance is handcrafted into every fireplace that bears our nameplate. Built in Big Lake, Minnesota, by true craftsmen who know how to conquer the cold and deliver a fireplace that performs as good as it looks. Built from heavy-gauge US Steel and backed by a Lifetime Warranty and a 100% Satisfaction Guarantee, nobody does it better.

CERTIFIED

Custom outdoor fireplaces are certified to ANSI Z21.97 / CAN 2.41.

CUSTOMIZED

Acucraft works directly with you to create a truly unique fireplace experience.

HANDCRAFTED

Never mass-produced, each fireplace is meticulously, custom built.

WORLDWIDE

Built in America and shipped directly to you, anywhere in the world.

WARRANTY

Keep the fire burning, each Acucraft firebox is backed by a Lifetime Warranty.

Outdoor Fire Reimagined

Elevate your outdoor living space with our exquisite collection of fire features that will ignite a sense of luxury and create a mesmerizing ambiance.

Crafted with meticulous attention to detail, our fire features are designed to blend seamlessly with any outdoor setting, adding a touch of opulence to your evenings.

From sleek and contemporary fire pits to stunning fireplaces, each piece is meticulously handcrafted to ensure unparalleled quality and performance.

Discover the perfect centerpiece for your outdoor sanctuary and indulge in the warmth and beauty of Acucraft's luxury outdoor fire.

Enduring Designs, Trusted Performance

POOL BAR

Inspired by customers and architectural partners, custom outdoor fire features provide the perfect place to enjoy endless conversation. An Acucraft outdoor fire feature combines clean structural lines and an exquisite look, with modern innovation, and the most advanced ignition system available.

Fire Your Way

Introducing our revolutionary Bulletproof Ignition System, providing you with peace of mind as your outdoor fireplace, fire table, or burner effortlessly ignites even in the face of rain, wind (up to 50mph), and snow.

Designed for both natural gas and propane applications, it delivers an impressive output of 500,000+ BTUs.

Personalize your experience with a wide range of control and safety options including timers, remotes, and emergency shut offs.

An Exhibition of Fire and Water

Transform your poolside into a serene sanctuary for social gatherings, whether you're basking under the sun or taking a refreshing dip. Enhance the ambiance with an outdoor fire burner and behold the creation of your very own backyard haven.

- Custom shapes and sizes
- Average flame height: 8"-12"
- Year-round enjoyment
- Finish with any non-combustible material
- Natural gas and propane applications
- Certified to ANSI and CSA standards

Unite Beauty Inside and Out

Achieving the ideal connection between the interior and exterior of your home enhances the sense of harmony and elegance.

With a custom outdoor fireplace, anything is possible.

- Custom shapes and sizes
- Average flame height: 8"-12"
- Year-round enjoyment
- Finish with any non-combustible material
- Natural gas and propane applications
- Certified to ANSI and CSA standards

Expand Your Point Of View

Elevate your outdoor experience with a rooftop fire table or fire pit, allowing your guests to soak in the breathtaking views of your surroundings.

No matter if you're creating a luxurious sanctuary in a penthouse or a trendy dining destination on a rooftop, the possibilities for our outdoor fire features are limitless.

- Custom shapes and sizes
- Average flame height: 8"-12"
- Year-round enjoyment
- Finish with any non-combustible material
- Natural gas and propane applications
- Certified to ANSI and CSA standards

Burner Style Options

At Acucraft, our fire burners are meticulously crafted with premium materials, guaranteeing a lifetime of durability. Each of our outdoor fire burners undergoes rigorous testing to meet ANSI standards, ensuring the utmost safety for both commercial and residential settings.

What sets our burners apart is our state-of-the-art Bulletproof all-weather ignition system, allowing seamless operation even in the harshest weather conditions like gusty winds, heavy rain, and snowfall!

Our outdoor fire features are fully customizable in terms of size and style, making it effortless to seamlessly integrate them into your space.
