Fire Reimagined.

For more than 40-years, Acucraft has been designing, developing, and perfecting the fireplace experience. Our fireplaces are handcrafted and custom built by a team of engineers and craftsmen who are committed to quality and performance. At Acucraft, we create the most unique, distinctive, and highest quality custom gas and wood burning fireplaces in the world.

We are the fireplace experts.

When it comes to delivering the absolute best fireplace experience, there are no shortcuts. Our commitment to quality and performance is handcrafted into every fireplace that bears our nameplate. Built in Big Lake, Minnesota, by true craftsmen who know how to conquer the cold and deliver a fireplace that performs as good as it looks. Built from heavy-gauge US Steel and backed by a Lifetime Warranty and a 100% Satisfaction Guarantee, nobody does it better.

CERTIFIED

Timeless series fireplaces are ANSI Z21.50 / CSA 2.22-2019 certified.

The Timeless Series

Crafted with Purpose.

We are honored to have been chosen by the world's best architects, designers, builders, and homeowners for over 40 years. Unlike mass-produced units, every Acucraft fireplace is built for a specific customer, designed and created by skilled craftsmen. By working directly with us, the manufacturer, you're able to get the exact fireplace you've been dreaming of.

The Timeless Series

Where Beauty and Quality Meet.

At Acucraft, we believe in providing the most beautiful fireplaces in the world using only the highest quality materials. Each fireplace is created with purpose by our skilled craftsmen.

The Timeless Series Form & Functionality

Now you can enjoy the traditional ambiance of a wood burning fireplace with Acucraft's Timeless Series of gas fireplaces. Enjoy tall, dancing flames with the flick of a switch. Media Options

Setting the Visual Standard.

Each Acucraft Timeless fireplace comes as a natural gas or propane burner with our natural volcanic lava rock and one of our gorgeous logsets. Boasting the largest, fullest flames on the market, these meticulously detailed logsets provide mess-free operation with a traditional look and feel of a natural wood burning fireplace.

Our luxury logsets provide a hyper-realistic appearance perfect for a traditional-shaped firebox. Choose from our three styles: Driftwood, Weathered Oak, or Charred Weathered Oak.

Hand-painted and individually cast, Acucraft logsets are the most realistic on the market.

The Timeless Series

Clean, Timeless Design

A frameless fireplace provides a classic interior design style that looks great with anything. It blends seamlessly with traditional spaces as well as those with ultra-modern, contemporary designs. Install your fireplace flush with your wall, with or without a mantel.

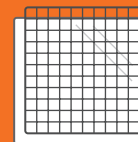

Glass Options

Both glass options are available with our Heat Management System (see page 12) giving you the best of both worlds: touchable glass temps combined with supplemental warmth for your space.

Dual-Pane Glass Cooling

Our Patent-Pending system keeps glass at safe-to-touch temperatures.

Single-Pane Glass with Firescreen

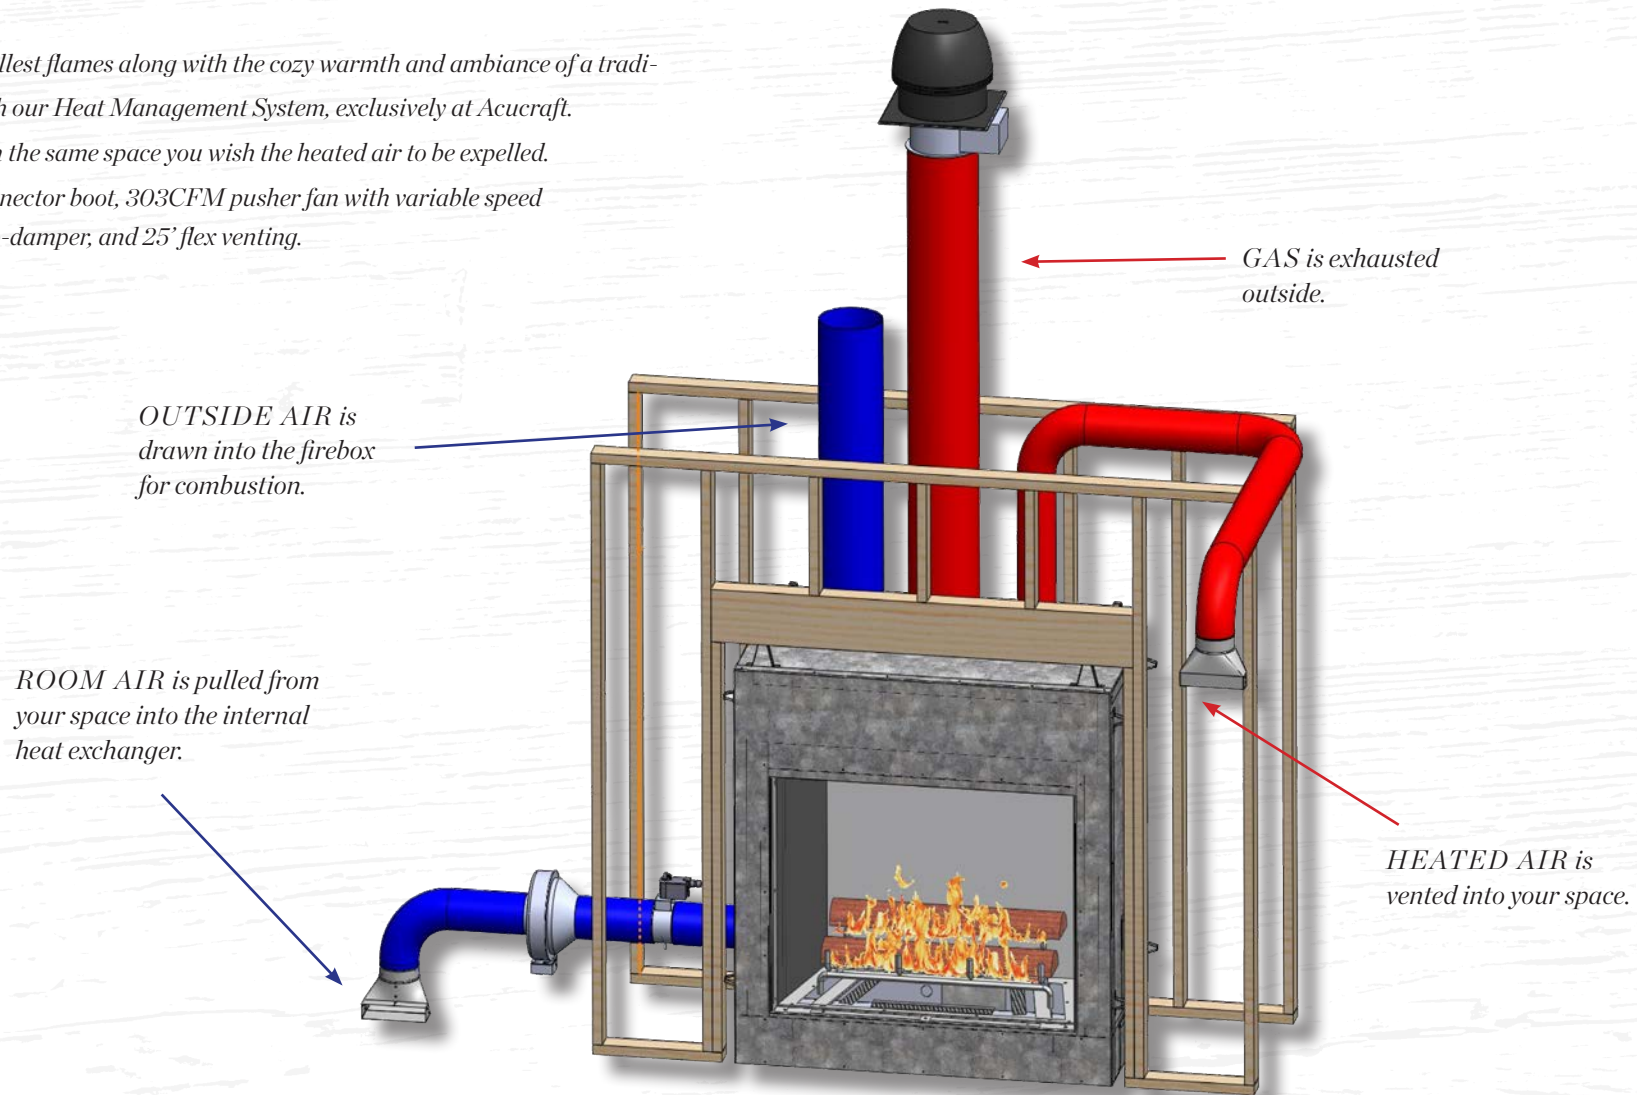

Warmer glass, but still safe to touch.

Heat Management System

Cozy Warmth of a Fire.

Enjoy the tallest, fullest flames along with the cozy warmth and ambiance of a traditional fireplace with our Heat Management System, exclusively at Acucraft.

- Pull air from the same space you wish the heated air to be expelled.
- Includes connector boot, 303CFM pusher fan with variable speed control, auto-damper; and 25' flex venting.
