

YOUR CUSTOM COMMERCIAL DRAPERY EXPERTS

WE'RE HERE TO HELP **YOU GET ON TRACK**

American Drapery Systems, Inc. has over 30 years of experience supplying commercial window coverings, draperies, cubicle curtains, and hardware.

Our experts provide solutions combining style, form, and function. Let us improve your environment with our expert knowledge, quality products, and superior service. Our estimators and installers work with new construction, a refresh, or remodels to find the perfect curtains, blinds or drapery systems for each project's specific design needs.

With decades of experience to call upon, we will measure, fabricate, and install for any business, from the biggest names to the restaurant on the corner. Even if you're not sure of the best way to control light or privacy, reduce heat & glare, or just need a single miniblind, we'll work with you to provide the perfect custom solution. Our number one goal is the continued satisfaction of our valued clients and to provide top quality products.

ON THE RIGHT TRACK

If you are looking for new or replacement track without the curtain, order custommade tracks through American Track Supply. Our commercial Aluminum or Flexible tracks are used in hospitals, medical facilities, and laboratories but are suited for any commercial application. Choose from 7 standard, easytoinstall track styles with your specified dimensions, or we can help you to custom fit your space.

PRIVACY PLUS

Custom Cube provides you with 35 years expertise in delivering custom cubicle curtain systems for hospitals, nursing homes, and medical facilities with exceptional quality at competitive prices. We can help provide privacy and comfort with custom curtains, custom tracks, hardware and even installation, all to your exact specifications. Our curtains are made from highquality antimicrobial fabrics that exceed industry standards and can be fitted with an interlock snap system for high traffic areas for easier laundering, or antimicrobial pullstrips for an added level of safety.
