

SECURITY PLANTERS & BOLLARDS

Georgia Precast Solutions offers precast concrete security planters and bollards to help protect what matters most. Available in standard or custom styles, shapes can be customized and configured to meet your specific security needs. Security planters and bollards can be used to help protect pedestrian areas, store fronts, restaurants, entrances and more. Our security precast can also add safety to schools, parks, courthouses, military and industrial facilities. Our goal is to help improve the safety and security of your facility, grounds and personnel where possible.
