Our Mission

Epic Plastics sets the standard in quality landscape edging products, making them exclusively from recycled plastics. Our products continue to be the professional landscaper’s choice for high-quality edging solutions and are widely used in the do-it-yourself market as well.

Epic Plastics’ commitment to our environment is crucial to our success and sets us apart from our competition. Our products are made from recycled plastic feedstock. Those milk, shampoo, and laundry detergent bottles you put out on the curb for recycling, are the materials that make Epic Plastics’ products!

Our commitment to manufacturing environmentally friendly products doesn’t stop at recycling—we also don’t burn fuels to make our products. Epic Plastics’ equipment is powered by electricity and releases zero carbon emissions during the manufacturing process. To date, we’ve saved over 300 million pounds of post-consumer plastic from landfills and continue the journey to a sustainable future. Epic’s edging products provide the added performance your project needs to move from Gold to Platinum.

Experience Epic | Recycled Landscape Edging

Epic Plastics products continue to be the professional landscaper’s choice for high-quality edging solutions and are widely used in the do-it-yourself market as well.

Circular Economy

Plastic edging used in concrete forming and cellular confinement applications can continue to be reused on future projects.

BENDA BOARD® FOR CELLULAR CONFINEMENT | TEAK | 1.65 CM

BENDA BOARD® FOR TURF ANCHOR | BLACK | 1.65 CM

Designed to adapt. Built to last.

Benda Board® | Versatile, economical & long-lasting

Benda Board® adapts to a wide range of project applications, including landscape edging, concrete forming, and cellular confinement, delivering exceptional flexibility, durability, and long-term sustainability. Designed to support environmentally responsible construction, it plays a key role in promoting a circular economy while enhancing the functionality, appearance, and safety of permeable and porous asphalt and aggregate-bonded surfaces. Available in multiple heights and widths, Benda Board® provides designers and contractors with a reliable, versatile solution for virtually any outdoor design challenge.

SEE PAGE 11 FOR ALL BENDA BOARD SIZES AND AVAILABLE COLORS

BENDA BOARD® FOR CONCRETE FORMING | REDWOOD | 1.65 CM

Benda Board® Flex

Benda Board® Flex is a creative landscape solution that is easy to install, durable and flexible—perfect for Mow Strips, Tree Rings, Concrete Form Boards, Rock Garden Definition or a Pathway Border.

Installation Instructions

Benda Board® Flex

Benda Board® Flex is intended for non-structural use only.

Before You Begin

Unroll the coiled edging onto an even surface, preferably in the sun. Add a weight to each end of the board. When the board stays flat without help of weights, you are ready to proceed.

Available Colors:

BLACK

TEAK

4 stakes included, more stakes sold separately

Design Layout

- Create the desired design for your installation location using a garden hose or rope.

Excavation

- Dig a trench in the shape of your design, approximately 3 inches deep.

- Drive the stakes into the trench every 4-5 feet.

Installation

- Securely press the Benda Board® Flex into the initial stake clip, and repeat this action at each subsequent stake along the way.
- If needed, use coarse woodworking tools to cut excess board.
- For final height adjustment, use a rubber mallet to tap board at stakes.

Backfill

- Backfill the space on both sides of the board, concealing the stakes, and compact the soil or rock to ensure stability.

Our Recycling Story

Since 1997 Epic Plastics has set the standard for recycling in California, creating high quality and environmentally friendly landscape products from post-consumer recycled plastics. Epic Plastics has converted over 300 million shampoo, milk and other HDPE #2 bottles into premier products, including recycled Benda Board®, divverting over 15 million pounds of post-consumer plastic from international landfills each year. Epic Plastics produces over 11 miles of Benda Board® daily and continues to set the standard for landscape edging products.

Landscape contractors and homeowners can find Epic Plastics' products in over 750 professional landscape and irrigation supply houses throughout the United States.

Epic Plastics is a division of Basalite Concrete Products, a subsidiary of the Pacific Coast Building Products family of companies.
