

**REVOLUTIONIZE YOUR
OUTDOOR PLAY SPACE WITH
TITUSTPV**

THE SAFEST, MOST ATTRACTIVE AND LOWEST-MAINTENANCE SURFACE SOLUTION FOR PLAYGROUNDS, SCHOOLS, DAYCARES AND OTHER RECREATION AREAS!

TitusTPV leads the charge when it comes to superior fall protection designed specifically for places where children climb and play. We are proud to serve a variety of customers, including government purchasers, contractors, architects, playground equipment suppliers, daycares, school systems and other park/recreation professionals with beautiful, soft and functional ground surfaces.

CUSTOMIZED SOLUTIONS TO SUIT YOUR PROJECT SPECIFICATIONS

Our innovative and proprietary pour-in-place rubber product comes in a wide range of colors, eye-catching designs and thicknesses that are customized for the project at hand. Made from high-quality virgin polymer, TitusTPV is the most durable and long-lasting playground surface available today. Choose a thicker surface installation for more protection or thinner where less protection is needed.

Thanks to incredible softness and shock absorption power, we are the top choice for safe and much-loved playgrounds throughout the Maryland, Virginia, Delaware, and Washington DC area. Our incredible product and reliable reputation has earned us a IPEMA Certification in accordance with ASTM F1292/for our product.

CUSHIONS FALLS. RESISTS HARSH WEATHER. STANDS THE TEST OF TIME

Choosing TitusTPV is a smart and long-lasting investment in your outdoor play space. By combining TPV rubber with a strong polyurethane binder, we've created an amazing surface material that conforms to any floor plan. TitusTPV is also UV stable and water resistant, which means it won't get brittle or harden with age. Instead, it remains soft and supple throughout the years and changing seasons.

EXPERT LOCAL INSTALLATION FOR AMAZING RESULTS

Choose TitusTPV for your next playground project and rest assured knowing the work will be handled by local professionals who exclusively install our product. Our teams are knowledgeable and well-equipped to exceed your expectations on even the most demanding requests, everything from:

- ☛ **Extra cushioning thickness specifically suited to your project**
- ☛ **Specialty colors (over 20 individual colors that can be mixed to create custom shades)**
- ☛ **Cool patterns (hopscotch, animal/insect patterns, running tracks, logos and more)**
