- On-board hose for washing down the restroom

Applications

Downtown Streets

The Parkside can provide restroom services anywhere there is a parking space to set it on

Transit Stops

Give your bus drivers and their riders a break.

Beaches

Steel can be substituted with aluminum for a rust-free restroom. Can be moved to high ground to avoid storm surges

Playground

Make it easy for families to come and stay as long as they like

Homeless camps

Providing a dignified space for homeless individuals starts with a dignified restroom

Areas prone to vandalism

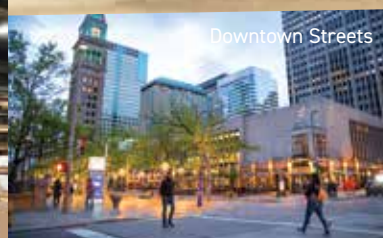

Built to minimize the damage and disruption

Where "porta-johns" are not appropriate

The Parkside flush restroom is free from bad odors and sights while being spacious and ADA compliant
