WITH

4soft

Transforming Playgrounds and Pool Decks into Vibrant, Interactive Spaces!

SafePals is all about infusing creativity, playfulness, and safety into outdoor spaces. Whether it's a rubber playground surface or a residential pool deck, SafePals offers a world of possibilities to bring your space to life. Our custom inlay designs range from whimsical animals to captivating shapes, and engaging interactive games that are sure to delight children and families alike. SafePals utilizes in-house creations and professional, unique designs in collaboration with the 4soft, the world's leading EPDM graphics company.

Where Safety Meets Playfulness

At Safescapes, we understand the importance of creating safe, inviting, and visually appealing environments for kids and families. With SafePals and 4soft graphics, transform your outdoor spaces into vibrant, inviting areas of safety and fun. Elevate the play factor for kids and families, create lasting memories, and make your space truly unforgettable. Join us in reimagining outdoor fun and safety with SafePals!

Product Features

KEY PROPERTIES & BENEFITS

- **Safety**

Our rubber playground surfaces are designed with the safety of children in mind, meeting the highest industry standards.

- **Creativity**

Elevate the play experience with our imaginative designs that inspire children's creativity and imagination. Add a touch of elegance and fun to your outdoor areas with SafePals designs that are as visually stunning as they are functional.

- **Customization**

Tailor your space to your unique preferences, from playful animals for the playground to intricate landscape portraits for your pool deck.

- **Durability**

Our inlays are built to withstand the test of time, ensuring years of enjoyment without compromising on safety.

- **Versatility**

SafePals isn't limited to just playgrounds, it's a versatile solution for a wide range of applications. Ask us about your project!

SafePals

MATERIALS

Our SafePals inlays are crafted from a diverse palette of EPDM rubber colours, expertly bonded together with the different polyurethane binders to suit the specific application. For playgrounds, we use a flexible polyurethane that ensures safety and durability. When it comes to pools and splash pads, our chlorine-resistant polyurethane guarantees longevity, and for skating rink perimeters, a tougher polyurethane provides the necessary durability.

CUSTOM

What sets SafePals apart is our commitment to design excellence, customization and the best materials possible. Partnered with 4soft EPDM designs, you can choose from our library of standard designs or let your imagination run wild with custom creations. With SafePals, you're not limited by conventional design constraints; you can dream big and we'll bring your vision to life. Contact us today to explore our extensive design options!
