CELEBRATING 35 YEARS

For over 35 years, Water Matrix has led the water conservation charge across Canada. With over thirty different water savings products, Water Matrix continues to introduce property owners, property managers, wholesalers and developers to water management strategies and technology that protect water and improve NOI.

TRUSTED SINCE 1989

OUR STRATEGY:

- Keep products accessible through enhanced distribution made possible by wholesaler partnerships across Canada
 - Continue to diversify product lines by introducing new technologies and products that support our customers sustainability and cost management goals
 - Offer coast to coast installation options that eliminate the stress associated with product implementation and contractor management
 - Reward customer commitment to Water Matrix Inc. through curated LOYALTY programs designed for success

THE ORIGINAL 3 LITRE TOILET BRAND

The Proficiency toilet line harnesses the energy of water filling the tank to pressurize the trapway via a patented air transfer system. When flushed, air is sucked out of the trapway, initiating the highly efficient siphonic action. This combined use of air and water gives the Proficiency toilet maximum performance with minimal water use.

AUTO-DIVERTING TUB SPOUT SYSTEM

The innovative Auto-Diverting Tub Spout System featuring integrated ShowerStart technology ensures efficient water usage by automatically diverting water at 95°F (35°C) or higher to its WaterSense-certified showerhead, where the flow of water is stopped, preventing any unnecessary water use while bathers complete pre-shower routines. Designed for both convenience and conservation, Evolve seamlessly transitions to shower mode when the bather returns and uses the activator to re-start the flow of “readied” hot water.

Have you ever turned on your shower and stepped away to do something else? That's how 75% of bathers waste water every day

Imagine a shower that wastes no water while it waits for you! The integrated Evolve™ ShowerStart system allows you to effortlessly save hot water and energy that's wasted during pre shower routines. Evolve™ also eliminates tub spout leaks during showering and helps hot water arrive 25% faster!

FINALLY A SHOWERHEAD THAT WAITS FOR YOU!

HOW EVOLVE™ REDUCES UTILITY COSTS

BEHAVIORAL WASTE

Pre shower routines have been shown to waste 5-10 gallons of water per use. With Evolve, water flow stops once it reaches showering temperatures and waits for you. It doesn't matter if you're shaving, texting or even picking your outfit. Evolve stops waste, while you start your day!

STRUCTURAL WASTE

Auto Diverting tub spouts with Evolve™ ShowerStart technology speed up the flow of water, allowing hot water to arrive faster with a plug flow. This means less mixing of cold and hot water that usually delays shower ready water temperatures. Less waste & less waiting with Evolve.

HEATING FUEL

Every drop of warm water wasted during pre shower routines is energy rich. When you save that hot water you also save the heating fuel that was used to bring it to showering temperatures. EVOLVE systems eliminate wasted heating fuel with every use, further improving ROI.

PRESSURE COMPENSATING SHOWERHEADS & AERATORS

Eco-Fitt pressure-compensating showerheads and aerators are engineered to deliver a positive user experience while saving both water and energy. This technology optimizes water flow, maintaining a consistent pressure regardless of fluctuations, enhancing water flow efficiency without compromising function. Embrace sustainability without sacrificing comfort - with Eco-Fitt products, conserving water and energy is effortless, impactful and cost effective.

ULTRA Series Showerheads

Available in Chrome & White Finishes

The latest in ultra efficient technology. These ULTRA Series fixed showerheads can save up to 40% of your shower water and associated energy vs traditional low flow showerheads on the market.

Flow-Compensating Technology guarantees a feeling of great force while using less water!

- Conserves water & saves money while enhancing pressure, performance, appearance and luxury!
- 3 massage settings with gentle needle spray from narrow to wide
- Consistent flow rate regardless of water pressure
- Saves 40% more energy and water
- Non-removable flow compensator
- Non-aerating spray means less temperature loss with maximum energy savings
- Self-cleaning and maintenance-free
- Installs easily, by hand and without tools
- Corrosion resistant high-impact ABS thermoplastic body
- Meets or exceeds ANSI specifications
- Limited 10-year warranty

Model Number	Description	Flow (GPM)	Finish
ES3FF15CH	Ultra Series Showerhead - NON TAMPER PROOF	1.5	Chrome

LEAKPRO® TECHNOLOGY

LeakPRO is your advanced safeguard against water bill disasters. Equipped with a cutting-edge motion sensor, LeakPRO stops the flow of water to your toilet when no user is present, preemptively stopping flapper leaks in their tracks. Designed for peace of mind, LeakPRO also helps to prevent toilet bowl overflows when clogs and flapper leaks occur simultaneously. Embrace innovation and bid farewell to unexpected water costs and insurance claims.

BY WATER MATRIX INC.

STOP TOILET LEAKS BEFORE THEY START!

The LeakPRO motion detecting toilet valve prevents water loss due to leaking toilet seals and flappers. LeakPRO is compatible with **most** tank style toilets and can be used in all real estate asset classes.

REDUCE your water bill by 10% - 50% with LeakPRO®

Product Features & Benefits:

LeakPRO offers users peace of mind 365 days a year 24 hours a day. LeakPRO features Include:

Leak & flood sensors

FLOWIE WATER FLOW SENSOR

Flowie straps onto residential and commercial water meters without tools. It monitors water flow in real-time and sends alerts and analytics about water use. Flowie connects to a cellular network without a separate carrier agreement. Monitoring fees apply.

Power Requirements	5V DC, 2.0A max
Backup Battery Life	1-3 days depending on radio strength, usage and severity of alarm
Cellular Carrier	Rogers (Canada) AT&T/ T-Mobile (USA)
Warranty	1 year limited warranty

FLOODIE FLOOD SENSOR

Floodie is placed in areas at risk for leaks and floods. It sends flood alerts by communicating with Flowie or any Alert Labs cellular sensor. Floodie is waterproof and reusable. It can run for two years on 2xAA batteries. Monitoring fees don't apply to Floodie.

Water Resistance	Waterproof & submersible, IP67
Power Requirements	2 x AA batteries (included)
Wireless Connection	Automatic, without WiFi 1000 ft (300 m) range
Warranty	1 year limited warranty

SHUTTIE WATER SHUT-OFF VALVE

Remote water shut-off valves for commercial buildings. Reduce the risk of water damage with smart sensors that let you shut off water remotely, automatically, or manually.

Power Requirements	Battery or wall-powered
Installation	Optimized for multiple valve installations.
Water Resistance	Indoor or outdoor install. Smaller valve sizes are IP67 waterproof
Warranty	1 year limited warranty

UTC SENTINEL®

Featured Manufacturers:

UTC SENTINEL®

Effective urinal flushing automation for:

**NEW CONSTRUCTION, FLUSH VALVE
RETROFIT & URINAL TANK RETROFIT**

Eliminate wasteful urinal flushing in existing properties with a programmable UTC that can use motion and schedules to reduce urinal water usage. UTC Sentinel can also be used in new construction projects to reduce product cost by replacing flush valves. Reach our team to learn more. orders@watermatrix.com

SENSOR UNIT

The UTC Sentinel® includes a high-quality passive infrared motion sensor which continuously monitors the urinals for use. The sensor activation range can be “fine tuned” to ensure activation only after urinal use, eliminating false flushes. This sensor can be surface mounted on the ceiling or recessed for increased vandal resistance.

Specifications: Motion Sensor 16V DC @50mA rating. Normally closed operation. Infrared motion sensing.

SOLENOID VALVE

The UTC Sentinel® utilizes a high-quality solenoid valve. Its slow activation feature eliminates water hammering. Extra-long service life and low maintenance are features of the heavy-duty design and construction. The solenoid valve is installed in the main urinal supply line for new construction and flush valve retrofits, or in the tank for urinal tank retrofits.

Specifications: Valve 6W rating. 24V DC @250mA, encapsulated construction

Model Number	Description
UTCS1A	UTC Sentinel - Urinal Tank Retrofit 1/2" solenoid valve
UTCS1B	UTC Sentinel - Flush Valve Retrofit Kit requires 1 flush valve plug cap per urinal
UTCS1C	UTC Sentinel - New Construction Kit or Renovation Kit (in line valve, no urinal tank) 3/4" solenoid
FVP1	Flush Value Plug Cap (replaces the area where the handle used to be)

WATERLESS & HYBRID URINALS

Featured Manufacturers:

Zero Flush Urinals

The ORIGINAL Waterless urinals! Zero Flush Urinals have a built-in centre draining non-removable permanent housing that require little to no maintenance. Simple trap maintenance, every 15,000 flushes can be completed using push fit inserts. Patented Zero Flush design overcomes common competitor issues like odor, use of harsh chemicals and special tools requirements. Reduce urinal water costs, while simplifying maintenance with Zero Flush.

Model Number	Rough In (")	Height	Approx. Weight (lbs)
ZF-101	For 24" lip height, drain center line must be 17" from floor	28"	60
ZF-201	For 24" lip height, drain center must be 17" from floor	24.3"	40
ZF-501	For 24" lip height, drain center line must be 17" from floor	19.5"	30

Waterless or Water Urinals

HybridH2O dual use urinal fixture is the first product to integrate waterless and traditional valve technologies. In doing so, hybridH2O offers a line of urinals that provide the water efficiency of other waterless urinals while also offering the rinsing benefits of traditional valve urinals. By integrating the ability to rinse the urinal with water, hybridH2O urinals combine waterless & ultra low flow valve technology. The fixture may be used with or without the valve.

Model Number	Rough In (")	Height	MSRP
hybridH2O	Designed to connect to 16" floor to center-line drain	From 20.4" - 27.75"	Contact Us

SMARTY BEE®

Smarty Bee® is a smarter solution for most waterless urinal systems. It is a waterless replacement cartridge that saves you Money, Time and Effort. It is easy to install, replace and maintain. These cartridges are compatible with most waterless systems and comply with industry standard and applicable plumbing codes.

Our Unique and Innovative Cartridge offers great benefits:

- Best odor control
- Eliminates the need for costly sealant
- Reduces housing and drain line sediment
- Allows for use of water to flush cartridge and drain line
- Enables the use of ANY standard cleaners
- Extends cartridge life
- Easier maintenance for blockages
- Keeps facilities looking clean and working “green”

Model Number	Description
2250-hSF	Smart Bee W-A Cartridge + Screen Dome 2 o ring for hybridH2O, Sloan and Falcon Urinals
3150-W	Smart Bee W Cartridge + Screen Dome 2 o rings for Waterless Company Brand Urinals
4150-AZ	HybridH2O Cartridge + Screen Dome 2 o rings for American Standard and Zero Flush Urinals
8301	Smarty Dome Screen

The **highly-efficient** trap maintains a proper seal without the use of costly sealant.

The **trap dome** activates deodorizing fragrance with every use and releases surfactants into the trap

Looks great, works great as part of your overall waterless urinal system

C7715-2-BLK	Black Seal for BSB Box
C7715-4	Tank to Bowl Gasket
C7715-8-1	Bottom Seal Float
ELSCSB-BOLTS	Seat Bolts for Round and Elongated Bowls

Model #N7717DF

1.9L/3.6L DUAL FLUSH ELONGATED TWO PIECE TOILET

Part Number	Description
N7714DF	Tank Replacement
N7717	Bowl Replacement
242-L	Seal for Fluidmaster Fill Valve
WESCS	White Elongated Slow Close Seat
C7715-9-L	Push Button- for both FLAT and PIN styles (Large) (48 mm diameter for larger holes)
C7715-10	R&T Flush Valve - Black & White - CUSTOM DESIGNED - SA-07 A27021
C7715-10-1	Black and White Valve - Bottom Seal
C7715-1-BLK	BSB Box - Black
C7715-2-BLK	Black Seal for BSB Box
C7715-4	Tank to Bowl Gasket
C7715-8-1	Bottom Seal Float
ELSCSB-BOLTS	Seat Bolts for Round and Elongated Bowls

TOILET PARTS H&H

Model #N7747EB

3L SKIRTED ELONGATED TWO PIECE TOILET

Part Number	Description
N7747T	Tank Replacement
N7747EB	Bowl Replacement
242-L	Seal for Fluidmaster Fill Valve
WESCS	White Elongated Slow Close Seat
C7715-9-L	Push Button- for both FLAT and PIN styles (Large) (48 mm diameter for larger holes)
C7715-10	R&T Flush Valve - Black & White - CUSTOM DESIGNED - SA-07 A27021
C7715-10-1	Black and White Valve - Bottom Seal
C7715-1-BLK	BSB Box - Black
C7715-2-BLK	Black Seal for BSB Box
C7715-4	Tank to Bowl Gasket
C7715-8-1	Bottom Seal Float
ELSCSB-BOLTS	Seat Bolts for Round and Elongated Bowls

Model #N7721

3L SKIRTED ELONGATED ONE-PIECE TOILET *OLD*

Part Number	Description
242-L	Seal for Fluidmaster Fill Valve
WESCS	White Elongated Slow Close Seat
C7714-6	Flush Valve for Various Tanks (Dual Flush, Back Outlet OR One-Piece)
C7715-10	R&T Flush Valve - Black & White - CUSTOM DESIGNED - SA-07 A27021
C7715-10-1	Black and White Valve - Bottom Seal
C7715-1-BLK	BSB Box - Black
C7715-2-BLK	Black Seal for BSB Box
C7715-4	Tank to Bowl Gasket
C7715-8-1	Bottom Seal Float
ELSCSB-BOLTS	Seat Bolts for Round and Elongated Bowls

SHOWER PARTS

EVOLVE & ECOFITT

SMART SHOWERS - EVOLVE

Part Number	Description
EV3102-XX000-CT	Tub Spout Mount, 1/2" Slip Fit
EV3103-XX000-CT	Tub Spout Mount, 1/2" NPT
EV3104-XX000-CT	Tub Spout Mount, 3/4" NPT
30-EV32-006	Wrench, 3 Point for NC-TR
30-EV32-007	Wrench, Torque, Pin In Security
50EV-004	Anti-Tamper NC Valve Set Screw
EV-PC	Replacement Pull Cord
EV-TS	Replacement Tub Spout
EV-SHV-TR	Replacement Showerhead with Valve

STANDARD SHOWERS & AERATORS

Part Number	Description
ES3FH15CH	1.5 GPM Puck Style Handheld Chrome Showerhead
ES3FF15CH	1.5 GPM Chrome Showerhead (Non- Tamper proof)
ES3FF15WH	1.5 GPM White Showerhead (Non- Tamper proof)
ES3FF15CHTP	1.5 GPM Tamper proof Ultra Fixed Chrome Showerhead
ES3FF14WHTP	1.5 GPM Tamper proof White Showerhead
N2935CH	Earth Handheld Showerhead - Chrome - AM
SH031C	Chrome Handheld 1.5 GPM Showerhead - NCC
EA10BPCA	1.0 GPM Lavatory Aerator (Non- Tamper proof_ - DUAL THREAD
EA10BPCATP	1.0 GPM Tamper proof Lavatory Aerator - DUAL THREAD
EA15BPCA	1.5 GPM Basic Kitchen Aerator (Non-Tamper proof) - DUAL THREAD
EA15BPCATP	1.5 GPM Tamper proof Kitchen Aerator - DUAL THREAD
N3215BMTP	Niagara 1.5 Male Tamper proof Aerator
N321BFTP	Niagara 1.5 Female Tamper proof Aerator
AE-Key	Aerator Key

URINAL PARTS

UTC & ZERO FLUSH

UTC SENTINEL

Part Number	Description
UTCA003	1/2" Solenoid Valve (for Urinal Tank Retro)
UTCA034	3/4" Solenoid Valve (for In-Line or New Cons)
Core Kit	Springs
UTCD004	Motion Sensor
UTCS1.3	Control Box
UTCSCAGE	UTC Sensor Cage
AEAD078	1/2" x 55/64" Moderator Adaptor
MDNV077	Moderator Non VP for UTC

ZERO FLUSH URINALS

Part Number	Description
ZF-KIT Box	Complete Zero-Flush™ Insert Replacement Kit (2 x 12 oz. Odor Barrier, 2 x Drain Insert, 2 x Insert Removal Key)
1216	3.85 L Jug (1 Gal) of Matrix Enviro-Clean: Zero-Flush™ and Waterless™ Urinal Enzyme Cleaner
1215	1 Litre Spray Bottle of Matrix Enviro-Clean: Zero-Flush™ and Waterless™ Urinal Enzyme Cleaner
ZF-RK	Zero-Flush™ Insert Removal Key
ZF-DI	Zero-Flush™ Drain Insert
EC4L	4 Litre Jug Matrix Eco Layer Sealant (For all non-water consuming urinals)
EC1L	1 Litre Jug Matrix Eco Layer Sealant (For all non-water consuming urinals)
MDC-12	Matrix Dry Cube Urinal Drain Cleaner and Deodorizer
3001	Eco-Trap Cartridge Insert for Waterless™ Urinal
2001-W	White J-Trap Kit w/ 1 BioPur Kit & 5 BioPur Enzyme Block (ZF101, ZF201, ZF501)

Customer TESTIMONIALS

Discover firsthand accounts of transformation and success! Explore testimonials from both our valued partners and satisfied customers who have experienced remarkable changes and significant benefits through our products and services. Their stories speak volumes about the impact we're making together in conserving water!

Midwest Property Management

Water Matrix exceeded water savings projections, improving ROI and NOI associated with their work. We found the communication and coordination with Water Matrix to be responsive and professional. We recommend their products and retrofit services. You will find immense value in their offerings as you seek to reduce your utility costs.

Williams & McDaniel Property Management

We have found their services are performed with both professionalism and accuracy, setting them apart in the industry. Water Matrix has successfully implemented water fixture retrofits at over a dozen Williams & McDaniel properties.

Hersz Properties Ltd.

Equally impressive is the overall satisfaction expressed by the users of the products. The positive feedback from our tenants and stakeholders speaks volumes about the effectiveness and quality of the products implemented. The enhanced efficiencies brought about by these new items have significantly contributed to the well-being of our site staff.

Meritus Group Management Inc.

Water Matrix has introduced a unique and well thought out program for the condominium market that side steps the traditional issues with retrofitting in suite in a condominium environment. Based on our experience with the team, their products and their level of experience in water conservation and plumbing, we would recommend them.

Installation Services

Need Installation?

Retrofits

Water Matrix offers turnkey installation services that are complete, competitive and customer experience-focused. Trust us for bulk, seamless solutions that enhance efficiency and reliability across Canada.

OUR SERVICES:

- Bulk Bathroom Fixture Replacements
- Complete Water Savings Analysis
- Municipal Rebates Application
- Plumbing Service & Project Work
- Toilet Parts Renewal & Replacement
- Leak Prevention & Detection Tech
