At Green Theory, we design and manufacture planters, site furnishings, and outdoor kitchens for spaces of every scale. Built in North America, we combine timeless design, durable materials, and forward-thinking techniques. From intimate residential gardens to bustling plazas, our pieces help shape how people move, interact, and feel in a space.

ABOVE Series 01 in matte white power-coated aluminum
BELOW Series 02 in eden oak exterior phenolic laminate

OUTERSPACE OUTDOOR KITCHENS

A modular outdoor kitchen system by Green Theory designed for lasting performance. Crafted with a robust HDPE core and featuring stainless steel, powder-coated aluminum, or exterior laminate finishes, these customizable kitchens seamlessly combine durability with style.

GREEN THEORY IS SITE FURNISHINGS

PRODUCT COLLECTIONS

MARINA Backed Bench

BACKDROP

A planter and trellis integrated into one unified product with custom screen patterns.

BIKKI

A stylish solution for waste management, complimented with slender wood slats.

BROOKLYN

Designed to be durable and scalable with its components fitting together in endless configurations.

CRUISER

Inspired from vintage cars, this collection seamlessly blends vintage charm with a contemporary edge.

CAROUSEL SEATING

Designed with retro flair and built for lasting interaction in high-traffic public spaces.

DEK

A nod to modernist aesthetics with a touch of luxury. Its sleek and minimal frame exudes a weightless presence.

FLINDERS

Blending classic bench forms with modern minimalism that offer unique seating arrangements.

JOIN CANTILEVER

A seating solution that creates a sense of weightlessness while maintaining comfort with its ergonomic form.

JOIN GEO

A striking planter design that embraces the power of geometry to create a bold statement.

JOIN MODULAR

A system of connecting planter components designed to be fastened together.

KINGSTON

A versatile blend of bench and planter, designed for smooth and easy placement in any environment.

METAL CYLINDER

Highly customizable planters made from marine-grade aluminum or weathering steel.

PANEL

A modern take on the partition and fence, with customization options to provide the right amount of privacy.

SIT

A seamless fusion of functionality and style with pixel-like details that add an artistic flair.

STOCK

Powder-coated with a super durable finish, making them some of the toughest planters on the market.

VERSA

A metal core support system with floating beams that create captivating gravity defiant products.
