David Barrow

Our story

Haddonstone was founded by Bob Barrow in 1971, with the aim of producing high-quality decorative cast stonework. Working out of his garage in Northamptonshire, UK, Bob handcrafted a modest range of seven garden designs – six of which continue to be bestsellers today.

Twenty-five years later, Haddonstone USA was established in Pueblo, Colorado. This allowed us to extend our global reach and to offer the highest-quality cast stone designs across the United States and Canada.

Since its early beginnings, our Home and Garden collection has grown to include over a thousand fine cast stone designs, making it the most comprehensive range of its kind. With unrivalled craftsmanship and expertise, and a broad range of styles to choose from, we're confident that you'll find the perfect designs for your garden in our collection.

Over the years, our values have always remained the same. Our team is dedicated to producing the finest quality cast stone designs and providing you with exceptional service.

Timeless designs that age beautifully
and last for decades.

An extensive collection

Our extensive Home and Garden collection features a wide choice of planters, water features, garden furniture, statuary and sundials.

Our range also includes garden buildings, balustrade, paving and steps.

Available in traditional, classical and contemporary styles, and in various sizes and colors, Haddonstone's designs lend themselves to almost any garden design, landscape or terrace. Plus, because every product is produced using the finest-grade materials, they are made to last a lifetime.

Handcrafted designs

Remaining true to our heritage spanning over 50 years, our Haddonstone designs are handcrafted by our highly-skilled and vastly-experienced team in our Colorado facility.

We pride ourselves on producing the finest-quality cast stone designs. All our products are made to order, so you can be sure that each and every one is created to the very highest-standard, and proudly bears the Haddonstone seal of quality.

"American gardeners and landscape architects are fortunate to have access to a company like Haddonstone. We started our gardens 45 years ago, and since then, we have bought Haddonstone fountains, planters, urns and sculptures to enhance and enchant our award-winning gardens."

Sina Simantob,
Historic Highland City Club, Boulder, Colorado

Above all, we are passionate about creating designs for your home and garden that will inspire and last for many years to come.

Premium materials

Cast stone is an exceptionally durable and robust material that can withstand even the harshest weather conditions.

Our team sources the highest-grade, natural aggregates to create your Haddonstone designs.

Safe delivery

With Haddonstone's dedicated packing and crating facilities, your chosen designs will arrive with you safely.

Our strong connections with the largest LTL and dedicated delivery carriers across the USA also ensures that you receive your Haddonstone designs as quickly as possible, directly from our facility.

Custom stonework specialists

As well as offering an extensive collection of standard designs, we are delighted to create custom products that meet your individual design requirements.

With an extensive mold shop and facility, along with a vastly experienced in-house team, we can produce custom stonework that replicates simple or highly-intricate designs.

■ Whether you want to transform your landscape with unique stonework, or replicate an original, existing design, our talented team can create exactly what you would like to achieve.

Landscaping

To complement our Home and Garden designs, we offer an extensive range of contemporary, traditional and classical-style cast stone landscaping designs.

It features many elegant and functional components from paving, steps and balustrade to pier caps, copings and stunning garden buildings that will transform any outdoor space.

■
With unrivalled expertise and technical facilities, we produce the highest-quality standard and custom architectural stonework to suit any specification.

Building and Construction

Haddonstone is also a trusted specialist in the design and manufacture of high-specification standard and custom architectural cast stonework.

Our team enables private clients, builders, designers, architects and developers to achieve their project goals by manufacturing premium-quality cast stone components for new build, retrofit and restoration projects.

Our extensive range features window and wall dressings, as well as sophisticated façade stonework including porticos, columns and door surrounds.

Our commitment to the environment

Haddonstone is proudly committed to sustainability, and we continually strive towards reducing our impact on both society and the environment.

Sustainability policies are embedded across our production processes, including protocols to avoid the use of hazardous substances and to prevent the release of contaminants into the atmosphere, watercourses and onto land.
