ARCHITECTURAL PRODUCTS

SPECIFICATION DATA SHEET | PERGOLAS

About Parallel Pergolas

Parallel Architectural Products creates superior, 100% aluminum pergolas that can be constructed in a variety of shapes and sizes to fit your space and style. Beautiful like wood, but with the durability and sustainability that only aluminum can provide, Parallel's products stand up against the elements. All of our finishes are powder coated to create a dependable, enduring product that won't fade, crack or tarnish no matter the weather conditions.

Installation

Parallel's pergola systems are easy to install on your patio or outdoor space. Whether building a smaller structure to provide some shade in a seating area, or a larger structure for patrons or guests to gather under, our aluminum profiles allow you to customize the look of your pergola using a simple batten and post system.

True Imperial Sizing

Create your ideal pergola utilizing a range of batten sizes: **2" x 2", 2" x 4", 2" x 6" and 2" x 8"**. Posts are available in **2.5" x 2.5" or 4" x 4"**.

Parallel parts are standardized to **20' lengths**.

Colors

Parallel has an expansive selection of more than **40 woodgrain** and **10 solid colors**.

We are **industry leaders in color development**, regularly adding new finishes to our collection. Keep up with our ever-expanding palette by visiting parallelap.com.

Custom solid colors are available for larger projects.

Warranty

Parallel Architectural Products is proud to offer a limited lifetime warranty! Parallel expressly warrants for a limited lifetime that its aluminum products are free from manufacturing defects in material or workmanship when installed according to Parallel's specifications and properly maintained. The warranty provides for a 15-year warranty for the finish, including checking/cracking, chalking, color change, gloss retention and adhesion of finish.

Visit parallelap.com/warranty for the full warranty.

Maintenance

Parallel's products are easy to care for and manufactured to last. With simple maintenance, your pergola will last many years!

- Wash the surface with a mild solution of pure soap or mild non-abrasive kitchen detergent in warm water. Application should be with a sponge, soft cloth or soft bristle nylon brush, and should be gentle to prevent shiny spots.

Availability + Cost

Pergola systems are available directly through Parallel sales reps, and through our network of distributors. Plus, round out any project with the addition of our other products like cladding, battens, fencing, enclosures and more! To get started and for current pricing, contact us at info@parallelap.com.
