SYNTHETIC GRASS FOR PLAYGROUNDS

Safety at a Higher Standard

Every Kid Can Play Safely:

| Features and Benefits of WinterGreen Playground Grass

ADA Compliant:

Accessible to wheelchairs and crutches, ensuring inclusivity for all kids. No dirty loose fill or limited, locked-in infill, promoting a clean play environment.

Clean & Safe:

Built-in anti-static technology and antimicrobial properties for a safer play surface.

Consistent Safety:

No displacement, excellent safety ratings, and exceeds industry standards for fall safety.

| Why Choose WinterGreen Playground Grass?

Outperforms Other Surfaces:

Superior to mulch, rubber, and other turfs in safety, durability, and performance.

Easier Upkeep:

Unlike sod or mulch, turf requires no mowing, watering, or upkeep, making it a hassle-free option. It stays clean, is never muddy, and withstands heavy foot traffic and inclement weather.

Certified Safety:

IPEMA certified and exceeds ASTM standards for playground safety.
