TURF FOR **PETS**

No Mud Trails, Just Happy Tails

Why Synthetic?

| Greener, Cleaner, Smarter: The WinterGreen Difference

Tailored for Pets:

Our pet turf products are designed specifically for heavy use, ensuring durability and easy maintenance.

Pet-Focused Installation:

WinterGreen understands the unique needs of pet turf, including proper base systems for water and airflow, ensuring easy cleaning and odor control.

Trial Tested:

WinterGreen Pet turf has been trial-tested and loved by pets, ensuring a happy and playful environment.

TURF DOGS WILL WAG ABOUT

Ideal For:

- Multi Family Living
- Govt Municipality
- Hotels
- Rest Stops
- Dog Retreats
- Kennels
- Animal Hospitals

Why developers and landscapers are choosing WinterGreen for residential and commercial K9 applications?

Safe & Non-Toxic:

WinterGreen Pet turf is non-toxic, making it safe for pets, kids, and our environmental ecosystem.

Evergreen Beauty:

Enjoy a vibrant green lawn year-round without the need for watering, fertilizers, or constant maintenance.

High-Traffic Durability:

Our turf is built to withstand heavy foot traffic, preventing dog trails and gigging while maintaining its lush appearance.
