

SS600

Depth Chart

CHANNEL DETAILS

SS600 channels are 48" long and 6.25" wide with a 4" throat. These 16 gauge stainless steel modular channels are made with a 1.0% standard slope. A bolted, flanged connection provides easy assembly. Neoprene gaskets between each connection ensure a tight seal. Channels have a smooth V-shaped profile and optional end/bottom outlets sized 2", 3" or 4". Catch basins, debris strainers and trash baskets are also available.

Grate Options:

- ☐ DG0669 Stainless Steel Bar Grate – Class D
- ☐ DG0657 Stainless Steel Perforated Grate – Class B
- ☐ DG0657R Reinforced Stainless Steel Perforated Grate – Class C
- ☐ DG0647 Stainless Steel Slotted Grate – Class B
- ☐ DG0647R Reinforced Stainless Steel Slotted Grate – Class C
- ☐ DG0655 Stainless Steel Wedge Wire Grate - Class B
- ☐ DG0655R Reinforced Stainless Steel Wedge Wire Grate - Class D
- ☐ DG0667 Stainless Steel Solid Cover - Class A
- ☐ DG0667R Reinforced Stainless Steel Solid Cover - Class C
- ☐ DG0670 Polyethylene Slotted Grate - Class A
- ☐ DG0675 Polyethylene Transverse Slotted Grate - Class A
- ☐ DG0644 Vinyl Ester Fiberglass Bar Grate - Class B
- ☐ DG0644SP Vinyl Ester Fiberglass Bar Grate - Class C
- ☐ DG0692 Ductile Iron Decorative Patriot Grate - Class C
- ☐ DG0675HD Ductile Iron Longitudinal Slotted Grate - Class D
- ☐ DG0641D Ductile Iron Slotted Grate - Class D
- ☐ DG0641S Ductile Iron Solid Cover - Class D
