- 3 Year Limited Warranty
- Serving the landscaping industry for 30 years
- All products are proudly made in the USA

Barcelona & Tuscany Low Bowl Planters in Perdido, Florida

Chandler Planters in Crystal City, Virginia

The Chandler Company has been committed to providing quality fiberglass products at a fair competitive price for over 30 years. Our products are built to last and we back this statement by now offering a 3-year limited warranty. Landscape Architects specify Chandler Planters with confidence, knowing how important our customers are to us. We understand the importance of taking care of the customer directly or supporting the person that does with the best service and lead times in the industry. This makes it easier for General Contractors, Landscape Contractors or Commercial Property owners to finish their projects with our "On-Time" Delivery schedule, as promised.

WATERPROOF LINERS

Custom Sizes are available

The Chandler Company's fiberglass planter liners and containers are a versatile & cost effective way for controlling landscape planting and irrigation. Providing superior long term solutions for eliminating water leaks in critical areas such as living and office spaces beneath the planter level. They have also been used to control storm water runoff erosion and pollution in hillside locations, supporting EPA sustainability guidelines. We have over 30 years of experience with custom planter & liner applications. Feel confident in specifying Chandler Planters for your next project.

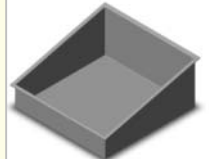

Typical planter liner profiles are shown.
We can fabricate any design required.

GUIDE SPECIFICATIONS FOR CHANDLER PREFORMED FIBERGLASS FABRICATIONS

SECTION 06610

FIBERGLASS FABRICATIONS

These specifications were current at the time of publication but are subject to change at any time without notice. Please confirm the accuracy of these specifications with the manufacturer and/or distributor prior to installation.

PART 1 GENERAL

1.1 Summary

- A. Section Includes: The fabrication, furnishing and installing of exterior preformed fiberglass fabrications.
- B. The Conditions of the Contract and Division 1 apply to this section as fully as if repeated herein.

1.2 Submittals

- A. Shop Drawings: Indicate layouts, sizes, details and materials. Show reinforcements, anchorage, and attachment for installation. Include joint locations, sizes, and design. Include location and spacing of anchor bolts, sleeves, and other features to be built into the structure. Furnish drawings to other Sections as required to prepare openings and supports.
- B. Samples: Submit samples of each required shape and molding of dimensions as directed by the Architect. Samples shall be of color and texture proposed for use on this Project.
- C. Submittal procedures and quantities are specified in Section 01334.

1.3 Quality Assurance

- A. Manufacturers Qualifications: The fabricator shall have at least 5 years experience in the manufacture of similar items with a record of successful installations.

1.4 Delivery, Storage and Handling

- A. Provide factory wrapping, packaging, and other means necessary to prevent damage or deterioration during shipment, handling, and storage.
- B. Maintain protective coverings in place and in good repair until removal is necessary.
- C. Store products inside enclosed storage facilities or closed building, supported above grade and slabs-on-grade.
- D. Maintain storage spaces and products in dry condition within temperature extremes recommended by manufacturer. Follow special instructions by manufacturer.

1.5 Coordination

- A. Coordinate work with others as required for placing and anchorage of fiberglass fabrications.
- B. Where units are required to fit spaces previously constructed, take measurements at the Project site before beginning fabrication. Secure all field measurements required for proper and adequate fabrication and installation of the work. Furnish templates for exact location of items to be embedded in concrete and masonry and setting instructions required for all installation work.

PART 2 PRODUCTS

2.1 Manufacturer

- A. Acceptable manufacturers include, but are not limited to, the following:

THE CHANDLER COMPANY

2621 South Birch Street,
Santa Ana, California 92707

Contact: Bob Alvarado or Ric Woodhall

E-mail: bob@thechandlercompany.com or rwoodhall@thechandlercompany.com

Phone: (714) 979-4212 **Fax:** (714) 979-4854

Website: www.thechandlercompany.com

2.2 Materials

- A. Fiberglass: Reinforced Polyester Resins (FRP)
- B. Pre-molded FRP units shall be fabricated to details and dimensions indicated.

GUIDE SPECIFICATIONS

Pg 2 of 2

C. Finished products shall conform to the following:

1. Shear Strength: 7,500 psi.
2. Flexural Strength: 21,000 psi.
3. Tensile Strength: 9,600 psi.
4. Glass Content: 30-33%
5. Resin Content: 67-70%
6. Compressive Strength: > 25000 PSI
7. Density: 110 pcf.
8. Resins:
 - a. General Purpose Resins
 - b. Fire Retardant Resins
 - i. Flame Spread: 25
 - ii. Smoke Density: <450
 - iii. ASTM E 84: Class 1 (***Not normally required for free-standing planters/pots.*)

D. Provide supports, fasteners, and other accessories required for secure installations.

2.3 Fabrication

- A. Fabrications shall be constructed of reinforced fiberglass to produce units conforming to the required profiles, dimensions, and tolerances.
- B. Allowable Tolerances:
 1. Dimensional Tolerances: $\pm 1/8$ inch.
 2. Wall Thickness: Nominal $1/8$ to $3/16$ inch.
 3. Out of Plumb: $\pm 1/8$ inch.
 4. Bowing: L/240 maximum

PART 3 EXECUTION**3.1 Installation**

- A. General: Install units in accordance with manufacturer's instructions and approved shop drawings using experienced installers.
- B. Install units straight, plumb, level, in true alignment and securely anchored. No exposed fastenings are permitted.
- C. Seal joints between units and between units and adjacent construction as specified in Section 07900.

3.2 Completion

- A. Exposed surfaces shall be clean and free from chips, cracks, scratches, dents, tool marks, stains, discoloration, or other defects or damage.
- B. Fiberglass fabrications will be rejected by the Architect for, but not limited to, the following reasons.
 1. Cracked, chipped, split, or stained units.
 2. Units not securely attached to the structure and to each other.
 3. Non-conformance to specified detail requirements.
 4. Non-conformance to approved samples.
 5. Units exceeding specified allowable tolerances.
 6. Damage beyond satisfactory Project site repair as determined by the Architect.
- C. Replace rejected units at no additional cost to the Owner.

END OF SECTION**THE CHANDLER COMPANY**

LIMITED WARRANTY

The Chandler Company warrants its products, when purchased new, to be free from defects in materials and workmanship under normal use and service for three years from the original date of shipping. Replacement or repair at the option of The Chandler Company of defective parts shall be the sole remedy of this warranty. **This warranty is in effect for three years from the delivery date.**

Sincerely,

Ric Woodhall

MAINTENANCE & CLEANING INSTRUCTIONS

MAINTENANCE AND CLEANING INSTRUCTIONS FOR FRP FIBERGLASS PLANTERS

Planters in an exterior setting.

Use the same cleaning and maintenance procedures that would apply to the exterior of a commercial building.

1. Pressure washing with water to remove dust and dirt.
2. Graffiti requires painting over.
3. Repaint with exterior building paint as often as the surrounding structures require or as desired.
4. Smooth finished planters will need to be lightly sanded to remove any oils or waxy topical finishes in order for the paint to adhere properly.

Planters in an interior setting.

Use the same cleaning and maintenance procedures that would apply to any interior site furnishings.

1. Light vacuuming with a brush attachment should remove any dust and dirt.
2. Heal marks or graffiti will require painting over, as above.
3. Smooth finished planters will need to be lightly sanded to remove any oils or waxy topical finishes in order for the paint to adhere properly.

Normal use and service should require almost no attention for several years.

CAD drawings available for all products.
