Proven Synthetic Turf Solutions

Thinking about installing a synthetic turf lawn, putting green or recreation area? At Synthetic Turf International® (STI), we are passionate about helping people Experience A Greener World in places where natural grass doesn't easily grow. Our team is committed to providing you with the highest quality synthetic turf products and installations in the industry. That's why thousands of homes, playgrounds, businesses, golf courses, pet care facilities, schools, parks and indoor sports throughout North America have turned to STI for their surfacing solutions.

Numerous Benefits

- **Best Quality** – STI manufactures the highest quality synthetic turf in the industry, using state-of-the art technology, the latest research and innovative practices. We received the rigorous ISO 9001, ISO 14001 and OHSAS 18001 certifications for our strong focus on quality, environmental stewardship and safety.
- **Excellent Installations** – Our knowledgeable network of dealers leverage their extensive installation experience to execute your project right from the ground up, every time.
- **Strong Peace of Mind** – In business since 1995, we protect your synthetic turf investment with an exceptionally comprehensive warranty.
- **Great Service** – Listening carefully to your needs lets us create the customized solutions you desire.
- **Beautiful Results** – Our durable synthetic turf gives you the beautiful, realistic, low-maintenance landscape and recreation surface of your dreams.
- **Sustainability** – Eliminating the need for pesticides, fertilizers and extensive watering, our synthetic turf helps homeowners and businesses conserve millions of gallons of water each year.

Extensive Selection

LAWN & LANDSCAPE

Want a beautiful lawn without all of the hassle? SoftLawn®, STI's signature lawn and landscape synthetic turf, uses lush, lifelike UV protected fibers to produce a realistic "fresh cut" appearance combined with a soft, pleasing feel.

ADVANTAGES

- Requires no water, chemicals or fertilizers
- Virtually maintenance-free/ Never needs mowing
- Easy to keep clean, unlike mulch and shredded rubber
- ADA/ABA compliant - Crutches won't sink and wheelchairs roll
- Lead Free
- Provides excellent drainage
- Recyclable components
- Does not support stain or odor causing bacteria, mold or mildew

PUTTING GREENS

Manufactured to perform perfectly every time, our putting, chipping and target greens are used by professionals, amateurs and golf instructors worldwide. STI putting greens are designed to produce results-oriented practice and reinforce the underlying mechanics of good putting. Extremely durable, our turf has a high performance signature "true roll" characteristic that has made it a favorite among low handicappers, and touring and top teaching professionals like David Leadbetter.

ADVANTAGES

- High performance putting greens for any setting
- True natural roll
- Realistic green speeds
- Drastically improve your golf game
- Used by PGA professionals, teachers, tour players and numerous top rated facilities
- Unmatched variety to fit any and every golfer
- Beautiful, life-like appearance
- Fun for the whole family

TEE LINES

We've all heard that practice makes perfect. Designed specifically for driving ranges, our EZTee® tee line surfaces deliver the consistent performance you need to practice shots and improve your hitting area. No wonder EZTee® synthetic tee line products have earned rave reviews at thousands of clubs since 2002. STI has been the chosen provider for 17 U.S. Open host courses and dozens of others among the top 100 worldwide, including Pebble Beach, Spyglass, Caves Valley, Brookline, Oakmont, Burning Tree, Kinloch and Winged Foot.

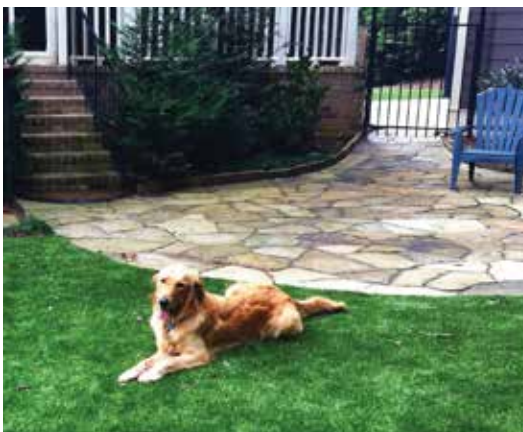

ADVANTAGES

- Holds a real tee
- Allows for a true natural swing
- Provides a divot feel with no club bounce
- Used by PGA professionals, teachers, tour players and numerous top rated facilities
- Drastically improve your golf game
- Allows for practice and play year round
- Saves your grass and your money
- Available in mats and full tee lines

PETS

Your pet is an important part of the family. They deserve a safe, durable and sanitary SoftLawn® Pet Turf surface for their recreation, relief and comfort. Effective for both large and small breed dogs as well as cats and other domesticated pets, SoftLawn® Pet Turf is perfect for indoor or outdoor use in large or small coverage areas.

ADVANTAGES

- Long-lasting and durable
- High flow drainage rates
- Non-absorbent construction and system
- Lush, fresh cut appearance
- Safe for pets of all breeds and sizes
- Easily cleaned unlike other alternatives
- No need for harmful chemicals, fertilizers, or pesticides
- Loved by pets and owners alike

PLAYGROUNDS

Safety always comes first with our SoftLawn® Playground recreation surface, which enhances outdoor and indoor play. Exceeding national safety standards, this synthetic turf play surface is fully ADA/ABA compliant, ASTM certified and consistent with all U.S. Consumer Product and Safety Commission requirements. Our Commercial Playground configuration comes complete with fall zones and exceptional HIC ratings with all components being recyclable and lead-free. Our commitment to quality and safety has been recognized by IPEMA, the International Playground Equipment Manufacturers Association, through certifications of our SoftLawn® Playground systems.

ADVANTAGES

- Soft and safe for kids with fall zone safety ratings up to 12'
- ADA/ABA accessible play surfaces
- Lush, natural look and fresh cut appearance
- Eliminates grass and other environmental allergies
- No need for harmful chemicals, fertilizers or pesticides
- Cleaner than alternative playground surface systems
- Consistent performance over long periods of time and use
- Promotes sensory development
- IPEMA Certified Playground Surfacing Systems

FIELDS & SPECIALTY SPORTS

We create durable, safe outdoor and indoor fields and practice areas for a variety of sports. Our turf has been very popular for field-related activities such as soccer, baseball (including batting boxes and cages), softball and lacrosse. STI also customizes synthetic turf for smaller spaces required for bocce, croquet and tennis courts.

ADVANTAGES

- Improves performance and safety
- Virtually maintenance free, increasing the available time of use
- High performance quality
- Creates multipurpose facilities
- Perfect for training
- Always ready for use
- Consistent performance over time

ATHLETICS

STI helps the athletic industry with innovative synthetic turf solutions ranging from gym flooring to weight lifting areas in order to help facility users achieve maximum performance. Many gyms, training facilities and schools are implementing synthetic turf for agility training areas to replicate the look and feel of being on natural grass for added resistance. Our turf maximizes safety with added cushioning to reduce stress on the joints and prevent injuries.

ADVANTAGES

- Perfect for training
- High performance quality
- Improved durability and safety
- Creates multipurpose facilities
- Virtually maintenance free
- Easy to keep clean
- Consistent performance over time and use

Established in 1995, Synthetic Turf International (STI) is committed to helping others Experience A Greener World in places where natural grass doesn't easily grow by delivering the highest levels of quality, ethics and support. Our outstanding network of of more than 100 dealers delivers superior golf tee line, putting, chipping and target greens installations every time. Leveraging our expertise in the golf market, we also provide synthetic turf solutions for thousands of playgrounds, landscape projects, doggie day cares and indoor sport facilities throughout North America and the world.
